TRENCHMAKING BY STEAM.

We haven't yet reached the time when swords are turned into plowshares. On the other hand, the plow has become an aid to the sword. The time was when the trenches on battlefields were dug by the soldiers who did the fighting in them, but now all that is changed. The plow has taken the place of the man with pick and shovel, and the plow is driven by steam, or, to be more exact, is drawn by a portable steam engine. With one of these plows several miles of trenches can be made in a few hours, and the men who are to defend them are not worn out by the heavy and unusual work. The plow shown in the illustration was invented by Colonel Temple, of the Royal Engineers, and was sent to South Africa, where it has done good service for the British army.

### A Letter From Odell.

I feel twenty years younger than when I commenced taking Dr. Kay's Renovator. I do not have so much gas on my stomach and do not throw up my food after eating. I now eat about everything and anything and nothing seems to hurt me. I eat just like other people—something I have not done in three years. It operates so gently on the bowels. It has wonderfully improved my bowels which were in just as bad condition as my stomach when I commenced taking the Dr. Kay's Renovator. I now sleep as I did when a boy, scarcely waking the whole night. Before I had to get up two or three times every night. In fact, Dr. Kay's Renovator has made a new man of me. Before taking the Renovator, I could not walk a block without stopping two or three times on account of the intense pain across my chest. I can now walk a mile or more without stopping. I am very thankful for the good it has done me. I shall recommend it at any opportunity. My bowels have not been so nearly natural for 30 years as since taking your Dr. Kay's Renovator."

In India, the land of famine, thousands die because they cannot obtain food. In America, the land of plenty many suffer and die because they cannot digest the food they eat. Kodo-dyspepsia Cure digests what you eat. It instantly relieves and radically cures all stomach troubles. A. K. Beltzhoover.

The dread of people with weak lungs who suffer from stubborn coughs is consumption. Foley's Honey and Tar, if taken in time, cures the cold, heats and strengthens the lungs and always cures incipient consumption. A. K. Beltzhoover, Dwight, C. V. Green, Braceville.

Chinese are dangerous enemies, for they are treacherous. That's why all counterfeiters of DeWitt's Witch Hazel Salve are dangerous. They look like DeWitt's, but instead of the health-giving witch hazel they all contain ingredients liable to irritate the skin and cause blood poisoning. For piles, injuries and skin diseases use the original and genuine DeWitt's Witch Hazel Salve. A. K. Beltzhoover.

### For Whooping Cough.

"Both my children were taken with whooping cough," writes Mrs. O. E. Dutton, of Danville, Ill. "A small bottle of Foley's Honey and Tar gave such relief that I used a 50 cent bottle, which saved me a doctor's bill." Nothing else so good. A. K. Beltzhoover, Dwight, C. V. Green, Braceville.

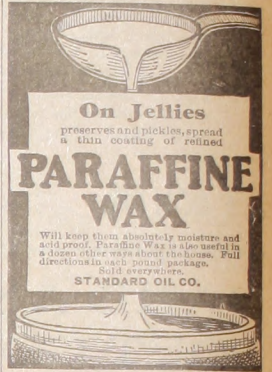

## CONSUMPTION

never stops because the weather is warm.

Then why stop taking **SCOTT'S EMULSION** simply because it's summer? Keep taking it. It will heal your lungs, and make them strong for another winter.
