The Needham Pianos of New York

These Instruments have won not only a national, but a world wide reputation for their quality of tone, delicacy of touch and thorough scientific construction, which renders them the most readily endorsed of any of the highest grade Pianos. They have a rich full volume of tone, exquisitely pure, sympathetic, and brilliant (without being harsh) combined with that mellow "singing" quality, making them especially desirable for the concert room, pianist and singer.

Story of a Slave.

To be bound hand and foot for years by the chains of disease is the worst form of slavery. George D Williams, Manchester, Mich., says: "My wife has been so helpless for five years that she could not turn over in bed alone. After using two bottles of Electric Ritters she is wonderfully improved and able to do her own work." This supreme remedy for female diseases quickly cures nervousness, sleeplessness, melancholy, headache, fainting and dizzy spells. It is a godsend to weak, sickly, run-down people. Cure guaranteed. Editor Brydia was in town the other day, as cool as a cucumber, and as full of free silver and anti-imperialism as 1896.

Shankland of the Leader was in Chicago the other day and as strange as it may seem, everything went on just the same both here and in Chicago.

Reports from all over the county indicate increased republican majority. In every town there are a lot of satisfied independent voters, who have heretofore cast their lot with the democrats, who think everything is getting along pretty well and that they better let well enough alone, and will support McKinley and Roosevelt. It is said there are more of this class than ever before.

The county board of review are doing excellent work digging up the property of tax dodgers, and the board will receive the hearty endorsement and support of every honest man in the county. Every time a rich man sneaks out of paying his honest taxes the poor man has to pay so much more. The board of review is all right and not only should the people generally, regardless of politics, give their support and encouragement, but help them get at the truth. The results attained recently show lots of deception, and the result will be that someone will keep at it until they are landed behind the bars. The dodging don't go, anymore.
