NEIGHBORING NOTES.

Gardner.

The campaign will be opened here soon and a club has been organized.

Quite a crowd from here attended the battle of Manila at Joliet Thursday. Cal Jones and wife left Monday morning for their home in Athens, Maine.

Quite a number from here will attend the rally at Dwight Saturday evening, Oct. 6, when Congressman Reeves speaks.

A serious accident occurred to Mr. McClure, the day operator at Coater, while going to his work Saturday morning on a hand car. In trying to switch over onto another track a train struck him, throwing him off and breaking his leg and bruising him generally. Drs. McMann and Taxis were called and took him to Kankakee to the hospital. He is reported to have died last Sunday.

Pontiac.

A "Yates" club of Lincoln voters was organized here this week.

Ford Johnson, the traveling postmaster, is right in it now. He started on his rural delivery route this week, and says it's the thing for the farmers, and should be adopted everywhere.

At the Long Point meeting Holley, the democratic candidate for congress, spoke. When he got through several democrats declared their intention of voting for Reeves, believing it better to be represented by a man of ability and standing regardless of politics. If Holley will only get around the district and show himself there is no telling where Reeves majority will stop.

Politics are warming up in Livingston county. The republicans held a large meeting at Long Point and the democrats followed it with a small sized one. At Cornell there was a big meeting addressed by M. C. Eignus, Lou Strawn and others. At Fairbury a large and enthusiastic club has been formed, and Flanagan has a large uniformed club. The reports would indicate that the republican majority will be larger than ever. There is very little change in regard to the sound money vote. A very few sound money democrats have gone back to their party, but this is more than offset by silver republicans coming back, and where the gain will be seen is among the farmers who have looked into the situation thoroughly and will let well enough alone and go to the polls and vote the republican ticket. Times are good good prices prevail and the farmers' have come to the conclusion it is better to have money to buy with even if they pay a little more, than to have things so awful cheap and no money to buy with.
