The supervisors met last week in Pontiac and performed about the usual amount of work. The board seems to be still of the opinion that if the public wants to know what they do they can come there, and refuse to furnish their proceedings to the newspaper of the county. If they would do away with the pamphlet publishing and pay for supplements for every newspaper in the county, they would show just, good, simply, judgement, and the people would know what they are doing with the peoples money.

Illinois State Fair, Springfield September 24-29, 1900.

The premium list of the "Greatest Fair on Earth" is now being distributed throughout the country, from the office of the secretary. The classification has been carefully revised, many new premiums offered and increased in value. The aggregate has been restored to the old time standard of \$40,000, in all cash premiums.

For nearly a half century the Illinois State Fair has occupied the leading place in the list of the great fairs of the country and it is the intention of the State Board of Agriculture to keep up its well earned reputation, by good management, fair treatment of exhibitors and liberal offerings of premiums. Many of the livestock associations have either agreed to duplicate the regular premiums offered in the classification, or have offered very liberal premiums on their own account.

Never in the history of the State Fair has there been more interest shown than at the present time. A large force of men are at work cleaning up and beautifying the grounds for the coming exhibition. Every effort will be made to excel all past fairs.

Premium lists can be had on application to the Secretary.
