The members of the Glee Club have purchased some new books of exercises and expect to make great progress in singing.

We are pleased to present this week in connection with our school news a portrait of Miss Gertrude Plank, assistant principal of the high school. She is a very popular teacher.

One day last week the Seniors received a formal invitation from the Juniors to meet them at the home of Winnie Leach on Saturday evening, Oct. 13, promptly at seven o'clock. Much curiosity was aroused on the part of the Seniors for they had been told to be prepared to ride the goat, and the meet-

ings of the Juniors had been many and secret. When all had arrived they were asked to take a walk, after quite a walk around town, and enjoying the beauties of the moon-light evening, they were taken to the home of Clara Naffziger. The lawn was decorated with Japanese lanterns, and games were played for quite a while, when at a late hour the Seniors were escorted to the carriage room of the barn, where a most delightful surprise awaited them. The walls of the room were decorated with maple branches and evergreen and the colors of the Juniors, sold a d white. Jack-o'-lanterns, of all sizes and appearances lighted the rooms and a table loaded with good things to eat. After a most delicious supper the souvenirs were opened; these consisted of little gold and white baskets containing a walnut shell and inside this the destiny of each one present was written. This occasioned the most fun of the evening, although perhaps some were a little far fetched. After supper all retired to the house where there was much "music in the air", although the "infant morn was nigh". At an early hour the Seniors departed, declaring that they had had a charming evening, they certainly congratulate the Juniors on their success, and wish to thank them and the teachers for a most enjoyable evening.

GRADES.

The pupils of the East Second Grade are becoming much interested in their Supplementary Reading lessons, using the globe in connection with them.
