### Pontiac.

Simon F. Snyder, an old resident Miss Grace Wallace, daughter of Judge Wallace, and Mrs. Martin Doble, all passed away last week and caused much sadness in the community.

Ed. Johnson is making his usual predictions about Livingston County going democratic. Ed. knows that this county will give about 2000 republican majority this time and break the record. The truth is that everyone is satisfied with the present good times except Ed. Johnson, who runs a democratic paper, Chas. Brydia, who runs another, a few fellows who want office, the politicians like Mike Cleary and a few other rock-ribbed old timers who never could or never would see anything good in any thing but democracy, no matter what it stood for. The farmers and conservative democrats have no conscientious scruples in opposing the Bryan party, because they know it is populism instead of sound democracy and they have no use for it. While some of them don't believe the republican party is right in everything, they do acknowledge that God made the good crops but the republican party made a market for them, and they want to retain that market and continue prosperity.
