"The Only Way" To Travel.
The motto of the Chicago & Alton Railroad is "The Only Way," and when it comes to traveling between points reached by this splendid line, the traveler is apt to admit the justice of the assumption that it is the only way possessing all the features that make traveling by railroad delightful in every way. Certainly there is no finer train run, either in this country, or abroad, than "The Alton Limited," run by the Chicago & Alton between Chicago and St. Louis. There are a great many readers of this paper who ride during the year between Chicago & St. Louis. We heartily recommend to them to use this beautiful, fast flying train. One not only makes a quick, safe and easy riding trip, but can have the pleasure of seeing some of the finest farming country in the United States. In buying tickets at points distant from Chicago to Joliet, Bloomington, Springfield or St. Louis, be sure that they read from Chicago via the Chicago & Alton.

SOUTHERN MINE DISASTER
Terrific Explosion in a Colliery at Berrysburg, W. Va., Kills Eleven Workmen.

LARGE CROWD HURRIES TO THE SCENE.
The Sight Appalled Them—Scores of Homes Filled with Sorrow—Dynamite Caused the Disaster—Fence of Shock Threw Men Sixty Feet from Mouth of Mine.

Philippi, W. Va., Nov. 5.—The Southern Coal and Transportation company's coal mines at Berrysburg, six miles from here, was the scene of an awful catastrophe about 1:30 Saturday morning. A terrific explosion, heard for fully a dozen miles around, was the signal that alarmed the neighborhood and caused hundreds of people to hurry to the scene to see what had happened. The sight appalled them, and the result of the explosion fills scores of homes with grief. Eleven men are known to be dead, and the list may prove to be much longer. The explosion was not of gas, but was caused by dynamite. There had been a fall of top rock in the mine and in clearing this up dynamite was being used. Several shots had been prepared and one of these produced concussion sufficient to discharge 27 sticks of dynamite which were lying on the ground in too close proximity. There were 129 men employed in the mine, most of whom were negroes who live in the neighborhood with their families.
Men Thrown Sixty Feet.
The force of the explosion was so great that two men were found 60 feet from the mouth of the mine. An hour after the explosion hundreds had visited the mine. The call for relief brought every physician in Philippi to the scene. The sight was a most horrible one. Strewed along the main channel and about the opening were the arms, legs, hands and other portions of the bodies of the dead miners. Fathers and mothers were frantically hunting for sons, and as fast as a body was recovered they would glance at it and, recognizing it, would give hysterical screams. The hotel has been turned into a hospital, and those still alive when brought out were taken there.
Thirteen Dead.
Philippi, W. Va., Nov. 6.—Thirteen persons are dead and three fatally injured as the result of the explosion in the Berrysburg mines.
*** KEEP ON FIGHTING.**
Boers Are Active in Cape Colony Under Gen. Botha and Are Constantly Attacking the British.

Cape Town, Nov. 2.—A Boer commando captured a British outpost of 60 men in the vicinity of Geneva and afterward held up a Cape Town mail train, looted the carriages and passengers, destroyed the mails, set fire to the train and decamped on the approach of an armored train. Not wishing to be hampered, the Boers later released the prisoners they had captured.
London, Nov. 3.—During the month of October the British losses in South Africa numbered 653. A London paper says the Boer revival is more serious than at first thought, and Lord Roberts' return may be delayed.
Lived Over a Century.
New York, Nov. 2.—George Washington Freeman Green died in Hempstead yesterday. Had he lived until the first day of the new year he would have been just 123 years old. Green was born on January 1, 1777, near Elizabethtown, N. J. His father, mother, sisters and brothers were all slaves. After living with Mr. Freeman a number of years Green was sold to a Virginia planter. He was at length hired out to Gen. Washington at Mount Vernon, where he said, the happiest days of his life were spent.

Asphyxiated.
Hastings, Minn., Nov. 5.—Mr. and Mrs. Lucius M. Drake, aged respectively 82 and 80, were found dead in their bed Sunday morning. Death was evidently caused by asphyxiation from escaping coal gas, generated by a heating stove. The aged couple were prominent and highly esteemed pioneer settlers of this town, having come here in 1864.
A Fatal Fall.
Bay City, Mich., Nov. 7.—Frank McPhillips, editor of the Bay City Tribune, fell over the banister of the stairway, and fractured his skull. He died about ten minutes later. McPhillips was well known in many Michigan newspaper offices, having formerly been a printer.

Boiler Explodes.
Traverse City, Mich., Nov. 6.—A boiler exploded in the plant of the Wyck Co-operative company at Interlochen Monday. Charles Honk's skull was fractured and he will die. Bert Diller was seriously injured and a number of others received minor injuries.

Getting Thin
is all right, if you are too fat; and all wrong, if too thin already. Fat, enough for your habit, is healthy; a little more, or less, is no great harm. Too fat, consult a doctor; too thin, persistently thin, no matter what cause, take Scott's Emulsion of Cod Liver Oil.
There are many causes of getting too thin; they all come under these two heads: overwork and under-digestion. Stop over-work, if you can; but, whether you can or not, take Scott's Emulsion of Cod Liver Oil, to balance yourself with your work. You can't live on it—true—but, by it, you can. There's a limit, however; you'll pay for it. Scott's Emulsion of Cod Liver Oil is the readiest cure for "can't eat," unless it comes of your doing no work—you can't long be well and strong, without some sort of activity. The genuine has this picture on it, take no other. If you have not tried it, send for free sample, its irresistible taste will surprise you. SCOTT & BOWNE Chemists, 409 Pearl Street, New York. 50c. and \$1.00; all druggists.
