Advertisers with good judgment are not throwing away money, but look for a newspaper with circulation. THE STAR AND HERALD is well known and goes into almost every family for miles around Dwight, and if the object is to get business and reach the people this is the way to reach them. If all one cares for is to advertise for his health why it don't make much difference how or where it is done.
One of the best literary and musical entertainments ever given in LaSalle was that of Miss Mary Gilbert at the Baptist church last evening. The pleasant, unaffected manners captivated the audience. It is difficult to say whether her violin playing or her recitations were the most telling, for they were very fine. The pathetic selection of "little boy blue", familiar to most of us, we never heard so beautifully rendered. In fact this could be said of all her readings. We truly can join in the testimony of other cities who have highly recommended her both as a talented violinist and elocutionist. Last night's political rally told against the attendance, but this city should give her a full house to night.—Democrat Mirror LaSalle.
