Will O. Cook,

CONSUMPTION

Do not think for a single moment that consumption will ever strike you a sudden blow. It does not come that way. It creeps its way along. First you think it is a little cold, nothing but a little hacking cough; then a little loss in weight; then a harder cough; then the fever and the night sweats. Better stop the disease while it is yet creeping. Better cure your cough today.

You can do it with
Ayer's Cherry Pectoral

The pressure on the chest is lifted, that feeling of suffocation is removed, and you are cured. You can stop that little cold with a 25 cent bottle; harder coughs will need a 50 cent size; if it's on the lungs the one dollar size will be most economical.

I confidently recommend Ayer's Cherry Pectoral to all my patients. I am using it now in my own family. Forty years ago I feel sure it saved my life. A. S. EDSON, M.D., Jan. 4, 1898. Fort Madison, Iowa.
