Bonano

A Distinctive Drink

BONANO, the hot-fruit drink, is a distinctive drink.

Though similar in some respects to coffee, tea, chocolate and cocoa, it is, in other respects, quite unlike them. Possessing the good qualities of all these drinks, it has none of their harmful qualities.

BONANO—served hot—is flavory, appetizing, bracing, satisfying and extremely nourishing. A real food drink.

BONANO is the only table beverage in which high-food value is combined with harmless stimulation.

And BONANO has a delightful, spicy aroma—a rare, good flavor all its own.

Don't be prejudiced against BONANO. It is not a substitute for something else. We want you to serve it at your table for its own delicious goodness—and for no other reason. Try BONANO a week or two. We know you will like it.

BONANO is healthful, strengthening and never harmful. Let the little folks have all the BONANO they want.

A 25-cent can of BONANO makes 75 cups of the best hot drink you ever tasted. For sale by
