Elwood Boyer has signed a contract with the Bloomington Three I League for the coming season and will report for practice on the 26th of April. Elwood is not only a good catcher and first baseman but a heavy hitter as well and his experience in the past several years with the local teams has enabled him to enter faster company. This is not his first experience with Bloomington, however, and they know that in signing him they have added a star to the list behind the bat. Bloomington seems to be the second step for those who wish to enter a larger field.

Concrete is now used in the construction of bee-hives, hog-houses, pipe organs, boats, silos, barn floors, baby cradles, burial vaults, in the Panama Canal, and in making collar buttons, to say nothing of street pavements, skyscrapers and hen coops. With such an extraordinary scope, the Third Annual Cement Show, Chicago, February 18-26, should have something of interest to every individual beneath the sun. There will be over three hundred exhibits of cement products of various descriptions. At the Show last year, there were over seventy-five thousand people in attendance, coming from all parts of the United States.

Edison Phonographs

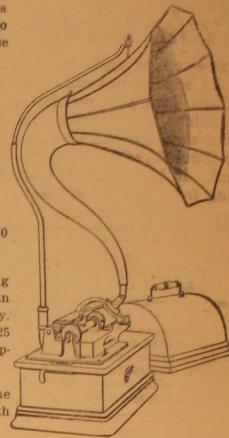

For the benefit of our customers we would state that all Edisons go by name instead of number. These are listed as the

"Gem"
"Fireside"
"Standard"
"Home"
"Triumph"
"Idelia" and
"Amberola"

These range in price from \$15.00 to \$200.00.

Don't buy by the number thinking you can get a better machine than I can sell you for the same money. I will make anyone a present of \$25 if they can buy a new machine cheaper elsewhere than they can of me.

All the above machines have the latest improvements and play both the short and the long records.
