Goods of Quality

ARE THE ONLY KIND WORTH WHILE — THAT'S THE KIND THAT WE SELL

WHEN you buy cheap goods, you are taking chances. The only reason some goods are cheap goods is because they are not worth much.

WE sell nothing that we cannot guarantee in every respect. We rely upon the satisfaction our goods give our customers, to keep all our old customers and get some new ones also.

WE buy our goods from those manufacturers whose products have won a reputation purely on their merits. When you buy here you take no chances.—The goods are guaranteed both by the manufacturer and by us.
