Rev. Wirt Lowther, formerly of here but who is now in Fairbury, made a short visit here Monday morning while on his way to Chicago.

That special arrangement we've made with The Weekly Inter Ocean and Farmer, \$1.80 for it and this paper for one year, has made a hit.

The trains running on the Chicago & Alton during this cold weather are catch as catch can, as they are all the way from thirty minutes to three hours late.

Strufe Brothers started cutting ice the first of the week. The ice is fourteen inches thick and there is good prospects of it getting thicker if this cold weather continues.

Bobsled and sleigh parties were out in full force Wednesday night. This last snow we had made it fine for sleighing, but the extreme cold weather we have been having is a disadvantage, as it spoils the enjoyment of the pleasure.

Do you use an Oil of Gladness mop and dust cloth? You would if you knew how necessary they are to sanitary house keeping. We are exclusive agents for the Oil of Gladness products, and guarantee you will like them. C. M. Baker & Son.

We have secured the new serial story "The Girl From His Town," by Marie Van Vorst, which will begin in our issue of January 20. It is a very interesting story as you will say when you have read it. Don't miss the first installment in this paper—January 20.

Rev. Father Power will leave the first of the week for the east. He will attend the Alumni meeting of St. Mary's college, of Emmetsburg, Md., which will be held in New York City Tuesday evening. He will then leave for Washington, D. C., and spend Wednesday there.

Unintentionally an error occurred in our account of the Tuesday Club which was entertained by Mrs. Emple last week. The account stated that the ladies played 500, but they wish it understood that this is not true and that they never play cards at any of their gatherings.

On Sunday morning the government thermometer registered seventeen degrees below zero. This is the coldest it has been in Dwight for a number of years. The weather man says that the cold weather will still continue for a while, so all we can do is to shovel in coal and keep the fire going.

"See us." If you want to rent or buy a home in town—"see us." If you want to buy a farm—"see us." If you want fire, lightning and tornado insurance—"see us." If you want life insurance—"see us." If you want your rents collected promptly and reasonably—"see us." Weary & Snyder.

Last Wednesday evening the fire bell sounded and the fire company was called to the home of George Peterson, but no fire was found except in the stoves. Some one passing by had seen smoke coming from the chimney on the opposite side of the house from where they were and turned in the alarm, thinking that the house was on fire. People should be careful about turning in alarms, unless they investigate and find out for sure whether there is a fire or not as it costs the town a large amount every time a false alarm is sent in.

Tax Collector's Notice.
The tax books for Dwight Township are now ready and taxes may be paid at my office in The First National Bank on and after Monday, January 15, 1912.

PATRICK BURNS, Collector.

County Farmers Institute.

The Livingston County Farmers Institute and Domestic Science Association will be held in Folks Opera House and Y. M. C. A. at Pontiac, Thursday and Friday, January 18 and 19, 1912. Premiums will be given on the best grains, fruit and vegetables but they must be grown in, and by residents of Livingston county.

An interesting program has been prepared for Thursday and Friday and it will be of interest for the many farmers of Livingston county to attend. Premiums will also be given for the best poultry exhibit.

Attention.
The business men of Dwight are requested and urged to attend a meeting in the Dwight Commercial Club rooms Monday evening, Jan. 15th, at 7:30.

Meeting called by the officers of the Retail Merchants Association, but all business men are requested to attend. Business of interest to all merchants to come up; your opinion is wanted, and you should manifest by your presence your interest in your own business and the general public.

Come prepared to discuss the subject of good roads.—Secretary Retail Merchants Association.

Reception to Rev. and Mrs. Farrington.
On Friday evening of last week a reception was given to Rev. and Mrs. F. F. Farrington, in the parlors of the Congregational church, which proved to be a very happy event.

Although the weather was quite unpropitious as the night was bitterly cold which kept many from attending, about fifty people were present, and the evening was spent socially. At the close of the evening light refreshments were served.

Rev. Farrington and his wife have been here but a short time and already have made a large number of warm friends, not only among the members of the Congregational church, but also among the people at large of our community. Rev. Farrington is a young man of great ability and the church members can congratulate themselves on having secured him for their pastor.

Death of Dennis J. Halloran.
On Monday morning of this week occurred the very sudden death of Mr. Dennis J. Halloran, a most worthy and estimable young man, who had made Dwight his home most of the time since 1907.

Mr. Halloran was a young man of a very engaging disposition, and made friends easily. During his residence in Dwight and Columbus, Ohio, he enjoyed a large circle of friends who are sorry to know of his early death. Although in poor health for about a year his condition was not considered serious, and his death occurred without warning last Monday morning.

Dennis Joseph Halloran was born in Whitegate county, Cork, Ireland, July 31, 1890, and died in Dwight, Ill., January 8, 1912, age 21 years, 5 months and 7 days. He came to Dwight in May, 1907, and made his home with his brother, Mr. M. Halloran, until May, 1909, when he went to Columbus, Ohio, where he lived with his sister, Mrs. Keefer. His health began to fail about a year ago and he came to Dwight to rest and visit for about three months. He returned to Columbus but found that his health didn't improve and decided to return to Dwight. He came here on December 31st and lived with his brother until he died. He leaves to mourn him his father and mother, three brothers and two sisters in Ireland, and three brothers and one sister in this country.

The funeral was held at St. Patrick's Church Wednesday morning at 9 o'clock, Rev. Father Power officiating, and the body was then laid to rest in the Catholic cemetery.

Card of Thanks.
We wish to return thanks to our many friends and neighbors who were so kind to us in our hour of sorrow.

MR. AND MRS. M. HALLORAN.

CUT IT OUT!

Heroic treatment for a corn, which has no right to be on the human toe, is to open your handy old corn razor and cut it out.

There are bad habits and practices which people ought to cut out, though no razor is needed for the amputating process. For instance, it is a bad practice to get in the habit of buying things through Mail Order concerns when you can buy to better advantage—the mutual advantage of yourself and your neighbor—at the stores in your own town.

If you have acquired this habit take the Razor of Resolution, hone it on the hone of Mutual Interests, strop it on the strop of Town Improvement and—
