# Order Your 1912 Hudson Now

1912 Torpedo—\$1600 Complete

The 1911 Hudson season practically closed in April as the yearly output of the Company was sold at that time and they were compelled to refuse acceptance of any more specifications for cars.

At the close of the 1911 season the Hudson Motor Car Co. had delivered more than 10,000 automobiles. They had on hand orders for approximately 2,000 Hudson "33's". These had been carried over for two months prior to the close of the season when they were compelled to refuse additional orders for 1911 delivery. But buyers and dealers left their specifications on file to assure their receiving early deliveries of the 1912 models.

The above expresses the tremendous popularity of the HUDSON "33"

If you are interested in the purchase of an automobile, we invite you to call at our garage, inspect the merits of the Hudson and let us give you a thorough demonstration.

The trains on the Alton are running a little better this week but some of them are still from fifteen minutes to a half hour late. The sleet that visited us Wednesday night has made it very disagreeable to get around. It was necessary to put salt, cinders and other substance on the sidewalk to keep from slipping. Some people found it better to walk in the road as it was not quite as slippery as on the sidewalk.

Monday evening class No. 9, of the Methodist Sunday School met at the home of their teacher, Miss Adeline Baker, for the electing of officers for the new year. The following officers were chosen: President, Miss Clara Rosendall; vice president, Miss Evelyn McKee; secretary, Miss Ruth Brendley; treasurer, Miss Dorothy Baker.

Farmers—Through the courtesy of the Illinois Farmers' Institute, we have just received five hundred copies of the "Illinois Farmers' Institute Report, Volume 16," a book containing valuable information of some 400 pages, nicely bound. These books are for free distribution. Kindly call and get one at an early date.—Bank of Dwight.

The concert given by Major Henderson and his son Friday night of last week was a very unique one, but owing to the extreme cold weather, was not very well attended. Our new serial story, "The Girl from His Town," commences in this week's issue. Be sure and read it for it will prove interesting to you. It is one of Marie Van Vort's most charming and delightful narratives.

Mrs. V. S. Wright received word this week of the death of her mother, Mrs. Wandell, at Baldwinville, N. Y., where she had been visiting relatives. For nearly three years past Mrs. Wandell made her home with Mrs. Wright but last fall went back to New York for a visit. Mrs. Wright has the sympathy of her friends in her bereavement.

### Good Roads Discussed.

A meeting of the Business Mens Association and any others interested in the subject of good roads was called at the rooms of the Dwight Commercial Club last Monday evening. The attendance was not as large as was hoped for but all those present seemed to be enthusiastically interested in procuring some hard roads for Dwight. Some discussion was had on the subject and it was finally proposed that an illustrated lecture under the direction of the State Board be arranged for. A committee was appointed for this purpose with instructions to take the matter up and make arrangements to have a lecture given some time in February. Further details will be given in this paper as soon as arranged for.
