PAY BY CHECK

Recently we heard of a man who drove 4000 miles behind a team of Angora goats.

This is almost as ridiculous as the man who drove 15 miles and back, taking an entire day to pay a debt of ten dollars.

Had he been one of our customers with a checking account he could have mailed the check for two cents, saved his time, his horses and still have had a receipt for the money paid. A checking account is a real convenience.
