Look What We Have Done to the Prices on all Winter Goods

We've put them way down now. Not that we are trying to get rid of unseasonable goods, for now is the time to wear these things; not because they are undesirable, for we never had any goods but the right kind. But it is nearing the end of the season and in order to sustain our reputation of always being able to offer you something new we have put a price on the remainder of our stock to make room for the new goods. If you will come in and look them over you will find something to interest you. The goods will appeal to you, so will the prices. Come, inspect goods and prices.
