Profit by Experience and Avoid Loss

Since Howard E. Coffin established a new automobile standard with the HUDSON "33," it is not safe to choose any car selling under \$2,500, except by the standard it fixed.

Strong claim, you say! But ask among those whom you know. Inquire on the street—even children. Everyone nowadays knows what cars are giving the best service. People invariably refer to the HUDSON "33" when they speak of automobiles of value. That is a certain indication of quality. The thousands of cars used by every possible type of driver, on every possible kind of road, are proving that the engineers and other experts did not exaggerate when they said "the HUDSON '33' was Howard E. Coffin's Masterpiece."

That is the reason why you should see the the HUDSON "33." The 1912 models show an even greater value than those of 1911. There is a wider range of body designs, as beautiful in line and finish as it is possible to make automobiles. The equipment is complete and of highest quality. Many extra features have been added for the comfort and convenience of driver and passengers. Changes have been effected that assure longer wear and much less maintenance cost, although in these items the HUDSON "33" has been notably economical. The 1912 car is larger, roomier, and, impossible as it may seem, is even quieter than was the original "33."

1912 Torpedo—\$1600 Complete

The HUDSON "33" is furnished in four models: A Touring Car, a Torpedo, a Torpedo Roadster, and the Mile-a-Minute Roadster. The price of each is \$1600 f. o. b. Detroit. All models except the last named have closed bodies, genuine mohair top and wind shield. Removable Rims, extra rim, tire irons, 34x4 inch tires, highest grade black enameled lamps, Bosch Magneto, Prest-O-Lite tank, tools, etc. The Mile-a-Minute car has storm apron and 100-mile-an-hour Warner Auto-meter. Both Roadsters have luggage box on rear, around which extra inflated tire can be carried.

E. J. Hart, a veterinarian practicing in Dwight, was arrested last Friday morning by Deputy Sheriff J. R. Ives charged with practicing without a license from the state board. When brought to Pontiac Dr. Hart produced his papers from the state board and was promptly released. Dr. Hart graduated from the McPhillips Veterinary College. This institution is of such a high standing that the state board does not require any examination of its graduates. In June of each year the board grants licenses and between times the clerk issues permits. This annoyance to Dr. Hart was entirely uncalled for.
