JOHN P. McWILLIAMS, Vice Pres. LOUIS A. WEICKER, Asst. Cashier

SAFE DEPOSIT BOX DEPARTMENT

We want you to come in and inspect our Safe Deposit Box Department. We want you to see what a safe, convenient arrangement we have made to accommodate you and to protect you against loss.

Your safe in our vault, to which absolutely no one has access except yourself, or some one duly authorized by you, is security which we believe you will appreciate and desire to take advantage of. Any of the officers or clerks of our bank will be pleased to show you these boxes and explain their advantages.

GOOD ROADS VOTING COUPON.

There is much agitation for better roads throughout the country. The DWIGHT STAR AND HERALD desires to ascertain the sentiment of the voters in Dwight township in respect to the improvement of our roads. Each voter is kindly requested to

answer the questions below by "Yes" or "No," and mail or return the coupon to the STAR AND HERALD office.

This expression is not in any way legally binding upon the voters; it does not in any way commit you to an increase of taxes.

Are you satisfied with the general condition of roads in Dwight Township?	"Yes" or "No"
Will you support a movement for better roads?	
Do you favor a systematic use of the road drag?	
Do you favor hard roads on main traveled roads?	
Do you favor a general tax for hard roads?

Experts Use the HUDSON "33" in Determining Values of Other Cars

A STANDARD must be established before a valuation can be fixed for any article. A perfect diamond is the basis upon which values for all diamonds are determined. In appraising real estate, clothing, food and all articles of trade, a comparison is always made with the best and choice specimens.

FOR the fifth time now, Howard E. Coffin has produced an automobile which is accepted as the standard in establishing the values of other cars. Automobile values have increased rapidly. You can get a much better car today for \$1600 than could have been had at any price four years ago.

THE 1912 model shows what improvements Mr. Coffin's board of engineers, working under his inspiration and masterful direction, have been able to add. These men have done wonders to the car. Last year thousands pronounced it the best value on the market. The improvements made in design and a lavish expenditure in money for better quality, more careful workmanship, as well as the things that are now done better as the result of a year's experience with thousands of cars, make the 1912 model a still greater value than that of 1911. Since experts turn to the "33" as a standard, can you afford to decide "which car" before seeing its greater simplicity and superior quality?

1912 Torpedo—\$1600 Complete

The HUDSON "33" is furnished in four models: A Touring Car, a Torpedo, a Torpedo Roadster, and the Mile-a-Minute Roadster. The price of each is \$1600 f. o. b. Detroit. All models except the last named have closed bodies, genuine mohair top and wind shield. Demountable Rims, extra rim, tire irons, 34x4 inch tires, highest grade black enameled lamps, Bosch Magneto, Prest-O-Lite tank, tools, etc. The Mile-a-Minute car has storm apron and 100-mile-an-hour Warner Auto-meter. Both Roadsters have luggage box on rear, around which extra inflated tire can be carried.
