Studebaker-E-M-F "30" Touring Car \$1100

What Will Your Car Cost You--- After You Buy It?

Did you ever think of that? Service is a big item in modern automobile buying.

What Kind of a Guarantee Have You Got?

Some manufacturers' guarantee "for life." That's like a health insurance which expires when you're sick. It sounds pretty and is worth nothing. The Studebaker guarantee is full and complete. It stands for a year. You can understand that; you can bank on it. Remember, too, that a year covers the hardest part of a car's life. By the second year you know how to treat it. And with a Studebaker car its life is practically a matter of the care you give it. Take care of it and no limit can be named to its endurance.

What Will Parts Cost You?

We mention this gently because with many of our competitors it is a tender point. Their theory too often is, HOLD UP THE OWNER. So it is common knowledge that it costs three or four times as much to buy most cars part by part as it would to buy them assembled. But every Studebaker part is listed at its proportionate cost in a complete car plus but a small percentage for handling. Studebaker Parts Price Lists are the most complete and convenient on the market and, so our dealers tell us, the most convincing argument we can give them. Our Parts Price Lists convince the prospective owner. A Studebaker buyer is assured of continual fair dealing. Go to our dealer and investigate.

Finally, How Quickly Can You Get New Parts?

Suppose they had to come a few hundreds or thousands of miles while your car lay idle. You, of course, would have to wait. Not so with Studebaker cars. Most of our 2,000 dealers carry parts and in almost every state in the Union there are Studebaker branch houses, with full parts supplies. Thirty-six branches in all—and it requires but two or three days at the most to get any part you need. That name STUDEBAKER tells the whole story. It stands for square dealing. Rely on it. Your father did; so can you. And send for our new catalogue.
