

Your Money Should Work

for you as hard as you work for it. The question is—how to make it work. The best way, in fact about the only safe way is to

INVEST IT JUDICIOUSLY IN LAND

in Illinois and Iowa. The land will produce crops which can be exchanged for gold and every year it will be increasing in value. Your money invested here will surely grow. You and NOT your banker will reap the harvest.

RAILROAD NEWS

As the way freight between Bloomington and Dwight is running light, it was decided last Saturday to take off one crew and for the next few weeks or month, dependent upon the run of grain, one crew will make a round trip every other day. The crew taken off is Engineer Duncan and Conductor Conery, leaving Engineer Wheatley and Conductor Davidson to remain. There will be two engines on the run and one remains at Dwight to be given coal and water, so that the crew, upon arrival at Dwight, will have a fresh engine to make a prompt turn.

CHICAGO THEATRES.

Chicago Opera House.
Paul Armstrong, author of "A Romance of the Underworld," is now in the second week of an unusually successful run at the Chicago Opera House. In this Mr. Armstrong has demonstrated most forcibly that he not only has written his best play but also provided his star, Mr. Holbrook Blinn with the best part of his long career. The story of "A Romance of the Underworld" deals with the false accusations of a young man employed in the Park Department of the City of New York. The charge is one of extortion made by a contractor who has been refused the hand of his sister in marriage. It relates how Tom McDermott frees him from the charge and how the sister rewards him with her love. In Mr. Blinn's support will be found Miss Catherine Calvert, who has the reputation of being one of the most beautiful young leading women on the American stage as well as being a clever actress.

Majestic.

Probably the biggest all comedy bill ever presented in the spring time at the Majestic Theatre, Chicago, has been arranged for the week of May 13. One of the bright particular features of this extraordinary bill will be Lew Dockstader. Neil O'Brien will be one of the end men, and a corps of singers, dancers and humorists and specialists are in this act. Aside from this great feature, there will be a remarkable exhibition of artistic posing representing beautiful pictures. Minerva Coverdale and George White will offer their new number. Knox Wilson will appear in his new act. The Four Hanlon Brothers, successors of the best known gymnasts, pantomimists and humorists in the country, have a very lively act. Jennings & Nelson, John & Mae Burke, Ida O'Day, and Moffit & Clare Trio will offer good things. The bill as a whole is one of the greatest.

The Daily Inter Ocean, Prairie Farmer, Worlds Events, and the Star and Herald, all six months, for only \$2.00. You will want the local as well as the metropolitan news during the next six months. Call and see us or send your subscription to this office.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for particulars free.
