The Kind of Service All HUDSONS Give

Read What a Hudson Owner Says:

HUDSON MOTOR CAR CO.,
DETROIT, MICH.

DEAR SIRS:—

I want to volunteer my testimony on the merits of my Hudson car.

I have had it 14 months, run it over 15,000 miles, never had it overhauled (with two or three exceptions not worth detailing) and have had no breakage or repairs.

In November last I moved to the country, about five miles north of Tarrytown, and I have since made the trip to and from my office daily, and with perfect dependence, in all weather and over all conditions of roads.

Last winter there was considerable snow, with alternate thawing and freezing, and the Hudson went the 60 miles daily with more reliability than the N. Y. Central. This too, with only such superficial care as I had time to give it. It would be hard to equal this record and I don't believe you could better it.

I could say a great deal in praise of the various mechanical details, but in an automobile it is results which count, and you certainly get results.

The Hudson has been a source of so much pleasure as well as convenience to me and my family, that I feel in common gratitude I should express my satisfaction, and if you so desire, you are at liberty to use this letter publicly and to state that it was written voluntarily on my part without solicitation or suggestion from you.

You have a great car and you have my best wishes for your continued success with it.

Yours very truly,

Tarrytown, N. Y.

Andrew Nelson was quite severely injured Tuesday when he fell from a scaffold which gave way while he was shingling a house on West Delaware street. A doctor was at once summoned to the scene and after carefully examining him found that there were no bones broken. He was then taken to his home on West Waupansie street. It was learned later that his back and hips were injured, but at the present writing he is getting along nicely.
