

To Make Good Coffee

It is necessary that the quality shall be good to start with. We justly pride ourselves on the excellent grades of coffee which we sell—they are

NOT EXCELLED for strength and aroma and yet our prices are not higher than you have probably been paying for the other kind. We are experts in buying and you get the benefit, that's all.

A Money Maker and Saver

Soon Pays for Itself

Occasionally the intending buyer of a cream separator who has but a small amount of ready cash to invest is tempted to put his money into one of the so-called "cheap" machines.

It will more than earn its cost while you are paying for it.

When you buy a De Laval you have positive assurance that your machine will be good for at least twenty years of service, during which time it will save every possible dollar for you, and earn its original cost over and over again.

If it is not convenient for you to make full payment at time of purchase, we can arrange for you to make a partial payment, and pay the balance on such liberal terms that your machine will more than save its cost while you are paying for it.

Easiest to turn, easiest to wash, skims the cleanest lasts the longest.

SOONER OR LATER YOU WILL BUY A DE LAVAL
