MICKELSON-PETERA.

Former Dwight Boy Married in Chicago Monday.

Silas Mickelson, a former Dwight boy and eldest son of Mr. and Mrs. N. N. Mickelson, of this city, was united in marriage to Miss Josephine E. Petera Monday afternoon at three o'clock, at the home of the bride's parents, Mr. and Mrs. Henry Petera, West 22nd street, Chicago, Ill. The Rev. Duha of the Methodist Church performed the service, the ring ceremony being used. The wedding was a quiet affair, only the families and a few very intimate friends being present. After the ceremony an elaborate dinner was served to all present.

The bride wore a gown of white crepe meteor trimmed in macramé lace, with a veil caught up with lilies of the valley and carried a shower bouquet of same. The bride was attended by Miss Bessie Vlasck, of Chicago, who wore a gown of blue crepe Parisian and carried pink Kilkenny roses. Arthur Mickelson, brother of the groom, acted as best man.

The happy couple will reside at 2251 Homan Ave., Chicago, Ill., and will be at home after July 8th.

Periods for Viewing Meteors.

An examination of the records of shooting star observations made in Bristol during the years 1896 to 1911 shows that the frequency of meteors is maximum towards the end of July and the beginning of August. During the first six months of the year the total number of meteors observed on a clear, moonless night is only about six per hour. At the beginning of July the frequency increases, and attains its maximum, sixty-nine per hour, on August 10. The mean for the entire year is twenty-four meteors per hour.

Task for the Schools.

"What we want the schools to do is to make intelligent citizens and also virtuous citizens—those who can control themselves. A boy has been described as a centaur, half horse and half man. And his life depends on whether the man shall drive the horse, or the horse drive the man. We want the reins of self-control placed in the hands of the graduating boy. We cannot maintain a self-governing republic unless we have citizens who are self-governing."—Dr. Lyman Abbott.

Hungarian Custom.

According to the testimony offered by Bela Puky, a Hungarian banker, in bankruptcy court at Columbus, Ohio, it pays to be a father if you are a Hungarian and live on the south side. Every time a child is born neighbors throw the parents from \$50 to \$80. According to Puky he became father five times in five years, which netted him in the neighborhood of \$300. The money is said to have been invested in an insurance policy, which was surrendered a few months before the crash of Puky's bank.

Lecture on Moody's Life.

The Stereopticon Lecture on Wednesday night at the Congregational Church on "The Life of D. L. Moody and his work for Prisoners," was fairly well attended. Rev. F. F. Farrington introduced the speaker, Norman H. Camp, of Chicago, the lawyer-evangelist, and his associate, Mr. L. J. Derk.

Mr. Camp spoke of his acquaintance with former residents of Dwight, viz: Mr. and Mrs. J. C. Hetzel, Mr. and Mrs. Wright, Mr. Orson Potter and Mrs. C. M. Moberwell; and also with Rev. F. F. Farrington, who used to be a student at the Moody Bible Institute.

After a duet by Evangelists Camp and Derk, the subject of the evening was illustrated by a large number of interesting and impressive views on the life of Mr. Moody and the prisons of this state and Indiana.

There are about 750,000 who belong to the criminal class, not all behind the bars at the same time, but nearly 100,000 continually in these penal institutions. Taken away from their old surroundings, and sobered up, if drinking men, it is just the time to show them "The Better Way."

Proportionately few of all penal institutions have regularly appointed chaplains. "If any Christian work is done, it is by volunteers for the most part—a local pastor, the Y. M. C. A. secretary, the W. C. T. U. worker or other laymen, but hundreds of jails and lockups are without any regular (or irregular) ministrations of this kind.

Mr. Moody realized the great need and appreciated the opportunity of reaching for God those behind prison bars, and in 1895 instituted this Prison Book Fund which, under the blessing of God and the timely aid of interested friends who have supported its work since, has made possible the careful distribution to date of 640,000 books, Bibles, Testaments, "portions," tracts, etc., among the inmates of nearly 2,050 penal institutions.

The consignments of books, etc., that the Bible Institute Colportage Association, who administer the Fund, sends out are chiefly the books of the Moody Colportage Library (in six languages) and "portions" of the Bible, like the Gospel of John, etc.

Pupil's Recital.

Some of the advanced members of Miss Marguerite Salzer's large class in music, gave a piano recital at her home Thursday afternoon, June 27th, with more than ninety friends and relatives in attendance.

Miss Salzer is devoted to her art, being a tireless, indefatigable worker and a faithful, painstaking instructor. The youthful aspirants for musical honors acquitted themselves very creditably. RAILROAD NEWS

The monthly meeting on loss and damage claims, held Wednesday afternoon at Machinists' hall, Bloomington, was well attended. Freight Claim Agents Belt and Ashworth were down from Chicago, Division Freight Agent Mann was up from Springfield, while the local agents at Peoria, Springfield, East St. Louis, Pontiac, Joliet and Dwight were present. Supervisor of Stations J. W. Pearne and Roadmaster M. Donahue were also in attendance, together with many of the engine and trainmen. Superintendent L. J. Ferritor presided and there was a large number of informal talks, all relating to the cause of damage claims and suggestions for preventing them.

The directors of the Chicago & Alton accepted the resignation of Theodore P. Shonts as president, as announced a few days ago, and B. A. Worthington, who recently resigned as receiver of the Wheeling & Lake Erie Railroad Company and the Pittsburgh, Wheeling & Lake Erie Coal Company, was chosen as president. Mr. Worthington was also elected a member of the board of directors of the Chicago & Alton and a member of the executive committee, succeeding J. S. Mackie, resigned. Mr. Worthington expects to return to Cleveland Tuesday to wind up his affairs as receiver of the Wheeling & Lake Erie, and will return to Chicago the last of next week, to take charge of the Alton. It is presumed that the next move on the checker board will be the divorcing of the Alton and Clover Leaf. It will likely not be known until the last of next week what the plans of President Worthington in relation to changes in staff consist of.

There was a narrow escape from a tragedy at Atlanta Wednesday. But for the presence of a tree, eight lives might have been snuffed out. It seems that Conductor Eastman and Engineer Hornbeck, coming up with a drag, found it necessary to double Atlanta hill. While making the double they shoved nine cars in on the business track. In pulling the cars out later, the trucks of the last car jumped the track at the derail, and the car, heavily loaded with lumber turned over and would have crushed thru the house of Section Foreman John Watson but for a large tree which stands close to the house which held the car. There were four women, and four children in the house, one of the former being 76 years of age. They had no time to escape and the structure would have been crushed like an egg shell and probably all inside killed, but for the tree. The wrecking crew was sent to the scene to pick up the car and the outfit was handled down by Engineer Meatyard and Conductor Johnson. There was no damage of consequence, and no trains were delayed.

A HAND-MADE CIGAR FRESH FROM THE TABLE

wrapped in foil as soon as made, thus keeping fresh until smoked. A fresh cigar made of good tobacco is the ideal smoke. The old, well cured tobaccos used in the Single Binder are so rich in quality that many who formerly smoked 10c cigars now smoke LEWIS' SINGLE BINDER straight 5c. In fact, Lewis' Single Binder does taste like a good 10c cigar. The Lewis' Single Binder costs the dealer some more than other 5c cigars, but the higher price enables this factory to use extra quality tobacco, thus giving the consumer a better smoke than is possible in big profit cigars.

Tell the dealer you want LEWIS' Single Binder.
