Guest were in Franciville, Ind., the past week looking at land. Mrs. Tade Buckley was taken to Kankakee last week, where Dr. E. G. Wilson performed a major operation for her. She is doing very nicely. A very pleasant an interesting meeting was held on Monday evening at the home of Mr. and Mrs. Erwin Boyer by the Y. P. M. S. of the Evangelical Church of Reddick. One commend-

able feature of the meeting was the comparatively large number of young men present. The next meeting will be held in two weeks from that time at the home of Mr. and Mrs. Geo. Weis. Frank Boyer and Rev. J. W. Michael went to Saunemin on last Thursday in the interest of the convention which is to be held in the Evangelical Church of Reddick in the latter part of August. An interesting and helpful program is being prepared and a goodly number of delegates from other churches are expected. R. G. Munday, of Chicago, and also Prof. H. H. Rassweiler, of Naperville, are expected to be among the speakers. The program will be ready for the press in a few weeks. Shortly after twelve o'clock last Thursday night as Frank Nugent was closing his place of business he discovered that the front of the Neilson restaurant was afire, his cries soon awoke others who rang the fire bell and came to his assistance with pails of water and fire extinguishers, quick work with these had the fire partly under control by the time the fire engine was on the scene, the chemical arrangement on the engine was used and the fire put out. The front was badly damaged, the glass all being broken, awning burned and tore down, and it made a good start on all the woodwork that was exposed, even the curtains on the inside had caught fire. Quite a large quantity of fireworks were laying in the window and in a short time would have been afire, no doubt it then would have been hard work to have saved the building. The fire is supposed to have started from roman candles shot off earlier in the evening, as a bunch of young fellows had been shooting them in front of the building and looks as if some of the fire had lodged in the awning and smoldered along until that time of night when it broke out in a blaze. It was lucky that Mr. Nugent was late closing, or it might have been more serious.

Stimulate Children?

Ask your doctor how often he prescribes an alcoholic stimulant for children. He will probably say, "Very, very rarely." Ask him how often he prescribes a tonic for them. He will probably answer, "Very, very frequently." Then ask him about Ayer's Sarsaparilla as a strong and safe tonic for the young. Not a drop of alcohol in it. Always keep a box of Ayer's Pills in the house. Just one pill at bedtime, now and then, will ward off many an attack of biliousness, indigestion, sick-headache. How many years has your doctor known these pills? Ask him all about them. Made by the J. C. AYER CO., Lowell, Mass.
