DE LAVAL CREAM SEPARATOR

A Money
Maker
and
Saver

The Cow's Best Friend

If you are still skimming milk by the old-fashioned "setting" system you are losing about one pound of cream in every four and you are not giving your cows a square deal.

With a De Laval cream separator you would get 20 to 35% more, and much better, cream, and besides would have warm sweet milk to feed to your calves and pigs.

We know that the De Laval will give you better service and last twice as long as any other separator and will be a money-maker for you.

Ask any of your neighbors who use a De Laval what kind of service their machines have given them. If a De Laval will save cream and make money for your neighbors it will do as much for you. Why not give it a trial?

Mrs. Dole, nee Miss Esther Mohr, resided in Dwight for many years and hence has many friends here who were glad of this opportunity to extend congratulations and best wishes to the happy couple.

Don't Gamble In Clothes

THE average man knows little about clothes. He likes the color of the fabric, the cut of the garments, but has doubts of the wearing qualities.

He looks on clothes-buying as more or less of a gamble. The man who chooses our clothes does not gamble. He takes no chances. Six months after he has bought a suit he is still satisfied. The wearing qualities are there.
