The F. L. Smiths were defeated by the Morris Reds at Morris Sunday by a score of 6 to 2. The feature of the game was when Kuntz of Morris made a home run in the seventh on a wild pitch, scoring two before him. The batteries were: F. L. Smiths, Mickelson and Flood; Morris, Miller and Enger.

Prices on shoes have gone up and are going higher. The increase, which ranges from 10 to 20 per cent, falls most heavily on the medium priced grades, such as the great majority of the people wear, and is attributed to the advance in the cost of leather due to the enormous quantity used in the manufacture of autos.

Friday, August 2, the open season for shooting doves began and it will continue until November 29, a period of 120 days. No hunter is permitted to shoot more than fifteen birds in one day. The mourning or turtle doves, as they are known, make delicious pot pies, it is stated, and when roasted are extremely palatable. The season for squirrels is now on and does not expire until November 15. The squirrels are thick in the bot toms and some excellent bags are shot. The issuance of hunters' license is still continuing heavy.

Gasoline has gone up in price about 1 1/2 cents in the past two weeks and this week it is expected to take another jump. More advances are expected. The reason for these advances given by the Standard Oil people is that automobiles are becoming more numerous every year and the quantity of gasoline is decreasing with the increase in number of automobiles. Just where the price will stop is not known. It is the opinion of many that it will go up to about 20 cents a gallon for the best grade.

Reduction in Cost of Residence Lighting

BEGINNING SUNDAY, SEPTEMBER 1, 1912

this Company will offer to its residence customers the privilege of using its service for lighting at the maximum demand rate.

Under this system, electricity used for residence lighting will be fourteen and one-half cents (14 1/2c) per kilowatt hour for the first thirty hours use of the maximum number of kilowatt hours taken at any one time during the month. The rate charged for all remaining kilowatt hours will be eight cents (8c.)

A discount for prompt payment of one cent per kilowatt hour on the customer's total consumption of electricity will be allowed by the Company on all bills paid at the proper office or agency within ten (10) days after their dates by him.

Customers having installations of less than five kilowatts (that is less than 100 lamps of fifty watts each) will have their maximum demand determined by fixed percentage of their installation.

This rate will effect an average reduction in residential lighting bill of fifteen per cent.
