THE MODEL KITCHEN

Why the Hoosier is Most Convenient

A thorough search will convince you that the Hoosier Cabinet contains all the practical conveniences it is possible to put into a kitchen cabinet. It is the result of years of experimenting with the opinions of thousands of practical women. It is the product of their suggestions. A cabinet can be made with more lumber and frills, but the Hoosier contains everything needed in preparing a meal. It is handy, simple and easy to clean. Frills are out of place in the kitchen.
