"The Big Store of Big Values"

Streator - Illinois

Special Sale of Sample Wood Beds

During the last two years the demand for wood beds has greatly increased. This increase is due to the desire of many people to have something a little different from their neighbors, and as brass and metal beds have been sold into nearly every home of late years, to be different one has to purchase wood beds. During recent years while the buyers attention have been centered on the metal beds, the manufacturers of wood beds have been greatly improving their product until at the present time many people think them far superior in both appearance and value.

PRICES GREATLY REDUCED

We have put a sweeping reduction of 20 per cent on all wood beds in stock. It is possible during this sale to purchase them at prices of \$3.50, \$4.50, \$6.75, \$9.00, \$10.50, \$15.50 and up to \$50.00. Remember that they are all reduced 20 per cent.

Special Showing of Rugs

Our new Fall stock of rugs is nearly all on display in the Furniture Department. The color blends and combinations were never more beautiful and the patterns introduced include many that it would be impossible to duplicate outside of this store in this part of the country.

The prices are better and the selection is greater than any other store can offer outside of Chicago.

We refund railroad fare one way on purchase of \$10; round trip on purchase of \$20.
