## Stoves and Furnaces

Now that the cold months of winter are coming on would it not be wise to look over your Stove or Furnace now and see if any repairs are necessary. It might be possible that numerous repairs have been made before and that they are worn out, and can only be replaced by a new one. If so, it will pay you to give us a visit as we have a large line of Stoves and Furnaces on sale at reasonable prices. We will also do any repair work on Stoves or Furnaces.
