In reply to several questions about paying the assessments for paving, Mayor Kelagher informs us that they should be paid to Clyde Thompson, whether you have been notified of what it costs or not. There are quite a number who do not know how much their assessments are, when they are due, or when the interest commences. It was thought that it commenced when the paving was accepted by the village, but others say it commenced when the bonds were sold. Mr. Thompson will give you this information.
