## Stoves and Furnaces

Now that the cold months of winter are coming on would it not be wise to look over your Stove or Furnace now and see if any repairs are necessary. It might be possible that numerous repairs have been made before and that they are worn out, and can only be replaced by a new one. If so, it will pay you to give us a visit as we have a large line of Stoves and Furnaces on sale at reasonable prices. We will also do any repair work on Stoves or Furnaces.

The First National Bank of Dwight got out a great score card for the Cubs-Smiths game. It attracted lots of attention and is a good advertisement. The first page says: "If you do business with the First National Bank of Dwight, you will take no 'Chance' of having inexperienced people 'Tinker' with your money. People who open a Savings account with us are as a 'Reulbach' with more. Therefore get the habit of leaving your dollars with us. You may not 'Needham' now but will sometime. Besides it is a 'Good' principle to follow, and you will surely feel 'Toney' when you find your money will grow more and more and stick with you like a 'Leach.' Remember that every 'Sheck' deposited with us in our savings department bears three per cent interest." They might have added that if a "Flood" of money "Burns" in your pocket "Gutel" the banker. On the inside pages is the score card and the fourth page is taken up with advertising. It is surely a neat souvenir.

Ear muffs and rubber boots will be the rage, says Weather Wizard Hicks. He has called August, September and October well. He says severe October storms we have missed will be with us in November. Electric storms, sleet, snow, sudden changes in temperature are scheduled. Storms will be frequent, followed by cold waves. Election day is apt to be warm and wet. Rising temperature, falling barometer and fair weather precede storms and rising barometer, colder and clearing follow storms. We will have to pay next month for our delightful October. Nature always balances her books sooner or later.
