DANGER IN DELAY.
Kidney Diseases Are Too Dangerous for Dwight People to Neglect.
The great danger of kidney troubles is that they so often get a firm hold before the sufferer recognizes them. Health will be gradually undermined. Backache, headache, nervousness, lameness, soreness, lumbago, urinary troubles, dropsy, gravel and Bright's disease often follow in merciless succession. Don't neglect your kidneys. Help the kidneys with Doan's Kidney Pills, which are so strongly recommended right here in this locality.
Walter C. Chadwick, Dominion St., Pontiac, Ill., says: "I am willing to again endorse Doan's Kidney Pills and confirm my former statement. I use them occasionally and always get excellent results. I had been suffering from weak kidneys for about a year and finally I got a supply of Doan's Kidney Pills. The contents of several boxes rid me of the trouble. This remedy strengthened my kidneys and toned up my system. The results have been lasting."
