"The Big Store of Big Values"

Streator - Illinois

Brilliant Exposition of Fine Furs Friday and Saturday of this Week

The necessity for furs has been recognized more and more by the woman who wants to look well and at the same time feel comfortable and warm. This season the demand of Dame Fashion for furs is more emphatic than ever and there is the added injunction that they must be individually becoming.

Becoming Furs

Must be selected from a large collection so that the needed variety in color, style and price may be secured. Such a collection of rich beautiful furs will be ready for the inspection of the women of Streator and vicinity on Friday and Saturday of this week.

A REPRESENTATIVE OF ONE OF THE LARGEST NEW YORK FUR HOUSES

with dozens of distinctive styles in fur sets and coats will be pleased to have you examine this interesting exhibit and thereby convince yourself that a fur purchase could not be made to greater advantage than at this time.

A Splendid Opportunity to Select Christmas Gifts of Furs

We refund railroad fare one way on purchase of \$10; round trip on purchase of \$20.

Masons Celebrate 50th Anniversary.
Masonic Lodge 371 celebrated its fiftieth anniversary Monday evening, many out of town Masons being present to enjoy the festivities.
The Past Masters of Livingston Lodge were in charge of the evening and conferred a third degree in a very efficient manner. The Past Masters present were F. J. Vickery, J. R. Oughton, A. Bovik, V. S. Wright, Henry Wolf, E. R. Weyer, Andrew Hansen. The happy experiences of the evening were somewhat dampened by the enforced absence through sickness of Past Master Curtis J. Judd, who is a charter member of Livingstone Lodge and whose presence had been much counted on for this occasion.
This lodge was granted its charter in October, 1862, and of the charter members, only one is living, Maj. Curtis J. Judd.
Refreshments were served by the junior members of the Lodge about 10:30 p. m. after which visitors and Past Masters expressed their pleasure in being present.
Visitors were E. O. Welch, B. O. Goodman and Geo. H. McClung, of Dwight; J. L. Tombaugh, Geo. H. Frise, W. D. Imrie, J. H. Shultz, W. H. Blanchard, John Gutel, J. A. De Boes, Wm. Smith, Henry Deffenbaugh, M. Deffenbaugh and Robert Miller, of Pontiac.
Don't blame the newspaper man for all that happens in the community. If there is any thing in the life of the place that you do not wish to go abroad in the world, blame yourself that it exists—not the paper for saying something about it. It is the editors duty to make a typographical photograph of the town each week, and if you take a homely picture don't kick the instrument, but try to get a better expression on your face next time.

Gold Watch Awarded.
The gold watch was awarded to Miss Ethel Orr, whose increase for the month led all others in the Great Piano Contest at C. M. Baker & Son's Furniture Store.—Adv.

Frank Geis suffered a dislocation of his right knee Thursday evening while playing football on West street in front of the News Depot. After several minutes working it was finally replaced, and he was taken to his home by Harry Adams in his automobile.
The laying of the corner stone of the new Zion Evangelical Church will be held Sunday afternoon, Nov. 17. The pastor, Rev. Ebert expects to invite all the pastors of the Dwight churches to participate in the services. Mr. Edward Reeb generously donated the corner stone, for which the pastor and members of the church are very grateful. Mr. Reeb also donated the corner stones for the Methodist and Congregational Churches when they were being built.
Albert Worby was quite severely injured last Saturday in front of the telephone company's work shop on East Mazon avenue, when the team he was driving ran away. He was seated on a box on the wagon when one of the front wheels came off. This frightened the team and threw him to the ground directly in front of the wagon so that the back wheels ran over his legs and badly injured them. The wagon was partly loaded with telephone supplies which were scattered along Mazon avenue for a short distance and the team still harnessed to the wagon ran to their home in the south part of town. At this writing Albert, although suffering from his injuries yet, is able to be around again.

When you see a crowd in front of a store window at night, stop and examine the lamps

In nine cases out of ten you'll find that they are (Mazda) Tungstens. Why? Because the merchant who appreciates the advertising value of his display windows is wise on the

lighting question---knows that it pays to use a lamp that gives him twice as much light for the money as the ordinary incandescent.

Attractive proposition, isn't it---two times as much light and no more to pay? How about your windows, your store, your home?
