**AWFUL ACCIDENT—THREE KILLED**  
(Continued from Page 1.)

Her funeral, which was one of the largest ever held in Lowell, was held at the M. E. church at 2 o'clock Tuesday afternoon. Rev. R. H. Johnson, her former pastor, preached a most excellent funeral sermon. He was assisted by Rev. G. H. Bright, the resident pastor. The M. E. choir furnished the music. The floral offerings were abundant and beautiful, sent by loving friends of the departed. After the services at the church the funeral procession was formed and marched to the Lowell cemetery, where the beautiful ritualistic work of the Eastern Star was performed by members of the Lowell chapter. The Eastern Star, Royal Neighbors and the bible class attended the services in a body. Interment was made in the mausoleum.

She leaves to mourn her husband, two sons, Frank and Harold, two daughters, Mary and Velda, her mother, Mrs. Ellen Watson, two brothers, Charles Watson of Kankakee, Ill., and Samuel Watson of Rochelle, Ill., two sisters, Mrs. Nora Wright of Valparaiso, Ind., and Mrs. Myrtle Parker of Idaho, and a host of other relatives and friends.

**Obituary of James W. Gregory.**

Mr. James W. Gregory, who met such a tragic death last Saturday evening while conveying his passengers from one depot to another, was buried Monday afternoon from his late home. He had been a well known resident of Dwight and vicinity for years, having been busman and mail carrier for a very long time. He was a kind and accommodating man and made many friends during his long years of service.

James Washington Gregory was born in Waynesburg, Green county, Pa., September 7, 1844, and passed away November 16, 1912, aged 68 years 2 months and 9 days. He was united in marriage to Eliza J. Goings December 19, 1865, at Tonia, Ill. Of this union four children were born, namely, Nettie, Clay, Joseph and William A.

He had resided in and around Dwight for about forty years. He had been a member of the First M. E. church for about nineteen years.

He had five grandchildren, namely, Villa Mae, Agnes, Mary, James and William. Two brothers survive him, William and Morgan, in the west.

The funeral services were held Monday afternoon, November 18, at his late home in the southwest part of town, Rev. G. H. McClung of the Methodist church officiating. **Coroner Snyder of Pontiac was called to this city Saturday evening and held the inquest in the office of C. H. Thompson Sunday. Engineer Conklin of the Hummer at the inquest stated that he had whistled several times on coming into Dwight and had applied the brakes soon after passing the interlocking tower on the north side of town, to reduce speed. As he neared the business section and station he released the brakes, and that moment was the first time he noticed the approaching bus. This was when he was about 100 feet from the crossing, and the bus was just coming up the street grade to the tracks. He saw then an accident was unavoidable, and he applied the emergency brakes and whistled a number of times, but it was impossible for him to stop the train and it hit the bus as above stated. He said the train was going at the rate of twenty miles an hour when it hit the bus. The train ran on for about 225 feet after striking the bus, dragging the debris with it. Mr. Sutton and Miss Beatrice Short, ticket sellers at Crandall's moving picture show, were other persons who witnessed the accident, and their story was substantially the same as above.**

The coroner's jury returned the following verdicts after hearing the testimony:

We, the jury, find that Thomas Gregory, driver of bus, came to his death by being struck by a Chicago & Alton train No. 9 on the railway crossing of Mazon avenue and Franklin street.—Ed. Christman, foreman; James Burns, William Fowle, Martin Swanson, D. F. Miller, J. C. Snyder.

We, the jury, find that Mrs. Nettie Strickland of Lowell, Ind., came to her death by being struck by the fast Chicago & Alton Hummer, No. 9, on the railway crossing Saturday evening, November 16, at 8:40 p. m., while being conveyed in Mr. Gregory's bus.—W. D. Roeder, foreman; James Nelson,

# ROYAL BAKING POWDER

## Absolutely Pure

[From a series of elaborate chemical tests.]

Comparative digestibility of food made with different baking powders.

An equal quantity of bread (biscuit) was made with each of two kinds of baking powder—cream of tartar and alum—and submitted separately to the action of the digestive fluid, each for the same length of time.

The percentage of the food digested is shown as follows:

Bread made with Royal Cream of Tartar Powder:	99 Per Cent. Digested
Bread made with alum powder:	67 Per Cent. Digested

Royal Baking Powder raised food is shown to be of greatly superior digestibility and healthfulness.

## Aluminum Cooking Utensils

WEAR-EVER ALUMINUM COOKING UTENSILS speak for themselves and prove their worth—if given a fair trial.

They are stamped from thick hard sheet aluminum, and are made without seam or solder. They cannot rust, do not contain and cannot form with fruit or vegetable acids any poisonous compound—food may stand in a WEAR-EVER utensil without injury the same as in a glass or china dish. They are solid metal, uninjured by sudden changes in temperature. They cannot crack or scale. They are practically indestructible.

Come in and look them over.
