

PROGRESSIVE GROCERIES

Not Politics but a chance for you to
SAVE FIFTEEN CENTS ON THE DOLLAR

We have joined the *Manufacturer & Retailers Co.*, which is an association of live grocery dealers, only one from each town with a united buying office in Chicago, at present the purchasing power of the company is over \$3,000,000.00 and increasing rapidly. We buy direct from manufacturer, packer and producer which makes a great saving that goes to the consumer in presents.

Quality of the Goods

IS THE BEST THAT MONEY CAN BUY. Remember, our guarantee and reputation, as well as that of hundreds of other reliable grocery dealers are backing this brand.

Marco Premium Plan

Inside of every package and on the label of every can is a coupon for as many points as you pay cents. That is, if you buy a pound of 35 cent coffee, when you open it you will find a 35 point coupon. Get one of the premium books free in the Grocery Department or we will mail you one on request. Pick out a premium that takes 350 points. 15 per cent of \$3.50 is a little more than 50 cents. Now try to buy the same premium for 50 cents. We know you will have trouble doing it, as they are bought at the lowest possible jobbing price.

It will pay you to look that catalogue over carefully.

A Representative will call upon you the first of the week and explain this method

A Man is Known by the Company He Keeps but He is Judged by the Clothes He Wears

The prosperous looking man is the man who gets the attention--is the man who will succeed when the man with even more brains, but not so good clothes, will fail.

You owe it to yourself--to your friends--to wear just as good clothes as you can afford. And when you buy your clothes here, you can afford more clothes and better clothes, because our immense business enables us to sell better clothes for less money than most Clothiers.

It's not our guarantee that makes our clothes good; but it's the quality of the clothes that makes our guarantee possible.

There's infinite satisfaction for the man who knows that his attire is beyond the ordinary. The combination of skillful tailoring and fine fabrics which we offer at moderate prices, produces clothes equalled by few and excelled by none.

Aluminum Cooking Utensils

WEAR-EVER ALUMINUM COOKING UTENSILS speak for themselves and proves their worth—if given a fair trial.

They are stamped from thick hard sheet aluminum, and are made without seam or solder. They cannot rust, do not contain and cannot form with fruit or vegetable acids any poisonous compound—food may stand in a WEAR-EVER utensil without injury the same as in a glass or china dish. They are solid metal, uninjured by sudden changes in temperature. They cannot crack or scale. They are practically indestructible.

Come in and look them over.
