One of the worst freight wrecks in the history of the Wabash system occurred here at 2:20 o'clock Sunday morning, December 1, when a north bound fast freight train jumped the track in front of the passenger station, crashing through the station setting fire to it and burning it to the ground, together with the Cardiff Hotel adjoining the station. Besides this eight cars of fine stock consigned to the Chicago market were also burned.

The freight was said to have been running at a rapid rate of speed. The engine and three cars of stock had just passed the switch point in front of the station, when the fourth car

ran through the switch and jumped the track, together with ten other cars. They crashed through the wooden passenger and freight depot, running entirely through it. The heating stove in the station was upset and it in turn set fire to the wood-work of the station. The station, with all of the records, etc., was burned to the ground, as was also the Cardiff Hotel, which adjoined the depot.

Eleven cars of stock were derailed by the accident and went into the ditch. Of this number citizens of the village were able to save three, the other eight, together with their contents, being entirely consumed in the fire. The cars were loaded with fat sheep, cattle and hogs consigned to the Chicago market.

The engine and three cars ahead ran on past the station for quite a distance before it was noticed that the accident had occurred. The engine then ran on to Reddick, the next station north, where he notified the Forrest and Decatur offices of the system of the accident and the wrecking crew, together with the big steam wrecker, were sent to the scene of the accident. All trains on the line were delayed by the accident until 11 o'clock Sunday forenoon, and many of the trains were derailed around the wreck over other roads.

None of the train crew was injured by the accident. The Cardiff Hotel was the property of James Walsh, of Reddick, and at the time was unoccupied. At the time the accident and fire occurred the water system of Cardiff was out of order, the engine having broken down. Every effort was made to repair the break, which was accomplished early in the morning. The engine worked for a short while, then broke again. If it had not been for the accident to the pumping machinery the hotel property might have been saved, and also it is thought that the eight cars of stock might have been saved.

The damage was run into the thousands of dollars, as the cattle, hogs and sheep were all of the best. The loss on the equipment will also be considerable. News of the wreck spread rapidly through the surrounding country, with the result that Cardiff was thronged all day yesterday with people who came to view the wreck.

The train was made up of twenty-two cars of bloated and fat cattle sheep and hogs consigned from Blandinsville, a small town on the Toledo, Peoria and Western west of Peoria, to the fat stock show, and was turned over by the Toledo, Peoria and Western to the Wabash at Forrest Saturday night. M. G. Davis had fourteen cars in the train, Isaac Argenbright four cars, C. T. Nelson three cars and John Hayes one car.

Rexall Orderlies are eaten like candy and are notable for their agreeableness to the palate and gentleness of action. They do not cause griping or any disagreeable effect or inconvenience.

TESTED AND PROVEN.

There is a Heap of Solace in Being Able to Depend Upon a Well-Earned Reputation.

For months Journal readers have seen the constant expression of praise for Doan's Kidney Pills, and read about the good work they have done in this locality. What other remedy ever produced such convincing proof of merit?

John Fansler, 214 Court St., Streator, Ill., says: "The public statement I gave in praise of Doan's Kidney Pills some years ago still holds good. I cannot say too much in their praise. During the past two years I have had no further need of a kidney medicine. My back was in very bad condition for over eleven years. I consulted doctors and used many medicines, but the complaint clung to me. Sometimes I was laid up. I had terrible pains across my back, was restless and felt all run down. I lost flesh and had sudden twinges when I worked. The kidney secretions were badly disordered and I had to pass them too frequently. I saw Doan's Kidney Pills highly recommended and finally got a box. They proved their merits by making me well. I have often recommended this remedy to my friends and it has brought good results in every case."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.
