The Autopiano

is the gift that will give your family more joy and pleasure on Christmas Day and every day of the year than all the other presents.

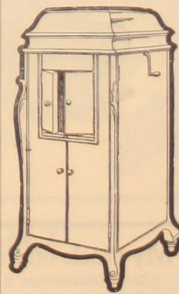

And it's an artistic joy, too—because the Autopiano will bring music—the greatest of all the arts—to your home.

The Autopiano furnishes music for every occasion. An impromptu concert or dance may be started the moment the suggestion is presented—the unexpected company may be pleasantly entertained, the long dull winter evenings may be transformed into a few short, pleasant hours,—and all the refining and delightful influences of good music will always be available for every member of the family, if there is an Autopiano in your home.

You cannot afford to be without an Autopiano, and Christmas time is the best time for such a superb gift.

We are particularly fortunate in that we are representing a number of the leading and well known manufacturers of high grade pianos, and are in a position to suit the most critical buyers, we will not recommend any instrument we can not fully guarantee and not only guarantee the quality of the piano, but guarantee to please our patrons. We cannot afford to have dissatisfied customers.

Victor and Edison Talking Machines

are most acceptable Christmas Gifts. They will entertain the whole family.

A Victor Victrola Ideal Present

The wonder of the age, \$15.00 to \$250.00. We carry a full assortment of Victrolas and invite you to come to our store and hear your favorite selection on one of these instruments. A well assorted list of records always on hand.

Books, Yes, Good Books

That will interest you, and suitable for all ages. Our stock is larger than ever before. Can you suggest a more acceptable article for a gift than a book? Good books are always acceptable. That's the kind we offer.
