## The West Side Furniture Co.

formerly known as the West Side Furniture Store, wishes to announce to the public the connection of Mr. F. J. O'Connor to the firm as a partner, and the addition of the following lines, in connection with the lines now carried (and which we are adding largely to), Pianos and Player Pianos in as large variety as carried in any city twice the size of Dwight.

### OUR FURNITURE

It is not necessary to leave Dwight to get good furniture for as a matter of fact you can get just as good in our store--and--the prices are as low. Further, you come in personal contact with the owner of the business when it comes to making terms. This means humane, square treatment by men who are vitally interested in seeing you pleased so that you will come back when you again need furniture. Note the following as further evidence as to merchandise we have to offer, "The Quality Kind." CARNATION DAY, SATURDAY, DEC. 14.

### The Hastings Kitchen Cabinet Keeps Your Kitchen Clean

Because you don't track your work all around the room.

Because you have only one piece of furniture instead of several cupboards, tables and bins to keep clean.

Sanitary wire racks collect no dirt which would breed disease. You can sweep under the cabinet. The aluminum or porcelain table cannot contaminate your food. The ventilated food cupboard retains no dangerous odors. The inside table top keeps all dust out of the base of the cabinet.

The automatic feed of the flour and sugar bins prevents old material from logging in the bottom.

The sliding cupboard shelf and sliding bottom which brings the kettles forward in the lower cupboard prevents stooping, straining and hard lifting. Call and see them.

**DINING EXTENSION TABLE**

There was a time when our forefathers had to be satisfied with a table as shown above. *But not so now!* Even the *single pedestals* are already behind the times because improvements have been made that overcome their shortcomings.

**"Twin" Pedestal Extension Tables**

have two complete oval or oblong pedestals and when you entertain friends at luncheon or use the table continually in the extended position, they are as perfect as when closed.

Unslightly, unfinished surfaces with locks, nuts and bolts, are not exposed (as in divided pedestals) by the extension of the "Twins." There are a multitude of reasons why you should buy a "TWIN" and no other. Remember, a table lasts a lifetime.

"Twins" are made in numerous designs and finishes. We would be pleased to have you call for further particulars.

Prices from \$20.00 to \$75.00
