Drives off a Terror.  
The chief executioner of death in the winter and spring months is pneumonia. Its advance agents are colds and grip. In any attack by one of these maladies no time should be lost in taking the best medicine obtainable to drive it off. Countless thousands have found this to be Dr. King's New Discovery. "My husband believes it has kept him from having pneumonia three or four times," writes Mrs. George W. Place, Rawsonville, Vt., "and for coughs, colds and croup we have never found its equal."
