

Progressive Groceries

Not Politics But a Chance For You to
SAVE FIFTEEN CENTS ON THE DOLLAR

We have joined the *Manufacturer & Retailers Co.*, which is an association of live grocery dealers, only one from each town with a united buying office in Chicago, at present the purchasing power of the company is over \$3,000,000.00 and increasing rapidly. We buy direct from manufacturer, packer and producer which makes a great saving that goes to the consumer in presents.

Quality of the Goods

IS THE BEST THAT MONEY CAN BUY. Remember, our guarantee and reputation, as well as that of hundreds of other reliable grocery dealers are backing this brand.

Marco Premium Plan

Inside of every package and on the label of every can is a coupon for as many points as you pay cents. That is, if you buy a pound of 35 cent coffee, when you open it you will find a 35 point coupon. Get one of the premium books free in the Grocery Department or we will mail you one on request. Pick out a premium that takes 350 points. 15 per cent of \$3.50 is a little more than 50 cents. Now try to buy the same premium for 50 cents. We know you will have trouble doing it, as they are bought at the lowest possible jobbing price.

It will pay you to look that catalogue over carefully.
