ECONOMY EXTRAVAGANCE

Who gets the Money You earn?

Economy looks like an up-hill game when you first begin, and sometimes it is an up-hill game; but it is the ROAD TO PROSPERITY, and if you can persevere in your small economies you will find this out. Your extravagance does not draw interest. Some day you will pay interest on your present extravagance. If you put that money in the BANK NOW, you can some day afford to buy the luxuries you crave without missing the money.
