

For Loss of Hair
We will pay for what you use if
Recall '93' Hair Tonic does not
promote the growth of your hair.

In all our experience with hair
tonics the one that has done most to
gain our confidence is Recall '93'
Hair Tonic. We have such well-
founded faith in it that we want
you to try it at our risk. If it does
not satisfy you in every particular,
we will pay for what you use to the
extent of a 30 day treatment.

If Recall '93' Hair Tonic does
not remove dandruff, relieve scalp
irritation, stop the hair from falling
and promote a new growth of hair,
come back to us and ask us to return
the money you paid for it, and we will
promptly hand it back to you. You
don't sign anything, promise anything,
bring anything back, or in any way
obligate yourself. Isn't that fair?

Doesn't it stand to reason that we
would not make such a liberal offer
if we did not truly believe that
Recall '93' Hair Tonic will do all
we claim for it—that it will do all
and more than any other remedy?

We have everything there is a de-
mand for, and are able to judge the
merits of the things we sell. Our
customers tell us of their success. There
are more satisfied users of Recall
'93' Hair Tonic than any similar
preparation we sell.

Start a treatment of Recall '93'
Hair Tonic today. If you do, we
believe you will thank us for this
advice. Two size bottles, 50c and \$1.
You can buy Recall '93' Hair Tonic
in this community only at our stores:

SEYMOUR'S DRUG STORE
Dwight The Jewel Store Illinois

There is a Recall Store in nearly every town
and city in the United States, Canada and
Great Britain. There is a different Recall
Remedy for nearly every ordinary human ill-
ness especially designed for the particular
ill for which it is recommended.

Drug Stores

PONTIAC

Mrs. Edward Wagner and son Ev-
erett, of Kempton, spent Tuesday
with Mrs. Augusta Wagner, on East
Timber street.

Mrs. E. B. Trenner returned to this
city Tuesday evening after spending
several days in Bloomington with relatives
and friends.

John Evard returned Tuesday evening
from Sauemin, where he had
been looking after some work being
done on his farm.

Miss Maude Myer, of Eppards Point,
is being entertained at the home of her
aunt, Mrs. Adella Laycock, on
South Chicago street.

Miss Bessie Renwick, who has been
spending some time in Chicago with
friends, returned to her home in this
city Monday evening.

A. P. Donovan, of Streator, was in

this city a portion of Tuesday meeting
with friends and also looking after
some business matters.

Mrs. Martin returned to her home
at Bloomington Tuesday noon after a
short visit with her daughter, Miss
Nelle Martin, in this city.

Mrs. Frank Sipe and children, of
East Madison street, left Monday after-
noon for Chicago for a short visit
with relatives and friends.

Miss Carrie Crawford returned to
her home at Melvin Monday after a
short visit with Mr. and Mrs. Lynch
at their home on North Main street.

Mrs. J. F. O'Brien and sister, Miss
Julia Harrington, of Fairbury, were
in this city several hours Monday fore-
noon shopping and calling on friends.

Mrs. Harvey Carter, of Fairbury,
spent Sunday in this city the guest of
her sister, Mrs. Henry Arthur Tate,
at her home on West Grove street.

Charles Pittenger, who has been
spending some time here with his
mother, returned to Chicago Sunday,
where he has a position in a shoe
factory.

Mrs. L. A. Juda and baby returned
to Joliet Monday evening after spend-
ing several days in this city the guests
of her parents, Mr. and Mrs. Scott, on
the south side.

Chamberlain's Cough Remedy has
won its great reputation and extensive
sale by its remarkable cures of coughs,
colds and croup. It can be depended
upon. Try it. Sold by all dealers.—

HIGHLAND

Ray Smith was a Verona caller
Monday.

Aaron Wilkinson visited his brother
Elmer, Saturday and Sunday.

Mrs. Lizzie Small and son, Charlie,
were shopping in Dwight Monday.

Ted Isham went to Morris Monday
to take mud baths for rheumatism.

Mr. and Mrs. Fred Sinclair visited
Sunday with Emery Baker and fam-
ily.

Len Isham shipped a car load of
cattle from Verona Monday to Chi-
cago.

Anna Jepsen returned from the
Pontiac Hospital Thursday and is get-
ting along nicely.

Mr. and Mrs. Patrick Silk visited
Sunday with Mrs. Silk's parents. Her
mother is very poorly at this writing.

WEST HIGHLAND.

Welsh Bros. were Ransom callers
Tuesday.

Pat Welsh was a Streator passenger
Tuesday.

Mr. and Mrs. John McCormack were
Dwight callers Wednesday.

Mr. P. S. Moore and daughter, Miss
Mabel, were shoppers in Joliet on Fri-
day.

Miss Nelle Ryan visited her sister,
Mrs. Henry Morrow, at Seneca last
week.

Mr. C. Bruner, of Ransom, spent
Thursday with his daughter, Mrs. C.
Fisher.

Mr. Bert Andrews, of Chicago, spent
Wednesday and Thursday with friends
here.

Messrs. W. Breman and W. Savage,
of Streator, were callers in our town
on Friday.

Miss Veronica McCloskey spent
Thursday and Friday with Miss Mary
McGorman.

Miss Loretta Dawson spent from
Sunday until Wednesday with relatives
in Joliet.

Mr. Ed Phelan, of Ransom, called
on his grandmother, Mrs. Anna Dan-
her, here Friday.

Mrs. W. J. Seguin, of Ransom, spent
Friday with her parents, Mr. and Mrs.
James Mahaffey.

Mr. Jerry Donovan and his daugh-
ter, Nell, spent last week with his
sons south of town.

Mr. and Mrs. Richard Prindville
visited at the Mike Gallagher home
in W. Vienna last week.

Miss Margaret Moore spent Thurs-
day and Friday with her brother, Char-
ence Meagher, at Ransom.

Miss Sayde Phelan and Mrs. Barthel
Kearns spent Thursday and Friday
with Mrs. Frank Sheppard.

Mrs. Oliver Winters returned home
on Wednesday after a few days' visit
with her parents at Wenona.

Mr. and Mrs. Will Baker and daugh-
ter Mabel, and Misses Jane Welt and
Loretta Carney were Streator visitors
on Wednesday.

Mrs. J. C. Wright returned to her
home at Ransom on Thursday after
spending the past week with her sis-
ter, Mrs. Will Lindsay.

Mr. Joseph Kenney returned to his
home in Wallingford, Ia., on Friday
after a three weeks' visit with his
brothers, John and Frank Kenney.

Best Known Cough Remedy.

For forty-three years Dr. King's
New Discovery has been known
throughout the world as the most re-
liable cough remedy. Over three mil-
lion bottles were used last year. Isn't
this proof? It will get rid of your
cough, or we will refund your money.
J. J. Owens, of Allendale, S. C., writes
the way hundreds of others have done:
"After twenty years, I find that Dr.
King's New Discovery is the best
remedy for coughs and colds that I
have ever used." For coughs or colds
and all throat and lung troubles, it
has no equal. 50c and \$1.00 at John
A. O'Malley's Drug Store.—Adv.

HERTZ THE REAL DISCOVERER

Marconi Made Practical Success of
the Wireless, but Was Not First
in the Field.

The principle of wireless telegraphy
is easily comprehended. As is known
light and heat move in waves whose
lengths can be measured. Thus, the
sun gives out in every direction light
in a series of undulating waves which
may not only be measured, but can be
deflected, polarized, and so on. Some
idea of this may be gained from the
well-known fact that when a stone is
thrown into a smooth pool of wa-
ter a series of circular waves extends
in all directions. If any floating ob-
ject comes within these waves they
are oscillated.

It was the lamented Prof. Hertz
who discovered that electricity, like
light and heat, also moves in waves
which may be measured. Just precisely
how these waves pass through the at-
mosphere is not wholly understood,
but it is believed that they have some
relation to ether, which is omnipres-
ent and which is believed to constitute
all matter under different negative
electrical conditions. In wireless tele-
graphy a series of Hertzian waves
are set up by powerful electrical dyna-
mos or batteries, and these are dis-
charged from the top of a high mast
or pole. These waves extend in all
directions, and, unless their force is
expended by distance they excite cer-
tain effects in the receiver of wireless
telegraph instruments within the zone,
just as the waves disturb chips on a
pool. Messages are sent and received
somewhat on the plan of ordinary
Morse code by wires, in that electrical
impulses are regulated so as to spell
words according to a code.

To Marconi belongs the credit of
making a practical success of the dis-
coveries of others, but to Hertz be-
longs the credit of making the sys-
tem possible.

PASSED AN UNQUIET NIGHT

Traveler, Lost in the Bush, Was Glad
to Do Without the Blessings of
Slumber.

But I had never given a thought to
the course I had taken in my gallop
across the veldt. I kept on and on, and
before long it grew dark and some-
what cold. So I dismounted, and af-
ter thinking it over, I unhooked the
horse and let him go, crept head first
into a large ant-bear hole for a night's
lodging, and made myself as comfort-
able as possible under the circum-
stances, using the blebok hide for a
blanket. The night was dark as
pitch.

Sleep was out of question. I sup-
pose it was the haunches and the raw
hide that attracted the creatures, but
before long it really seemed as if I
had settled down in a village of wild
pigs and insulted the whole commu-
nity. To begin with, squealing incess-
antly, they seemed to be racing round
and round in a circle, taking me for
its center. Then a number of jackals
drawing nearer and nearer, joined in
the chorus. But I soon discovered
that if I disliked the noise I fairly
dreaded the silence. During the quiet
spells I knew that something was
chewing industriously at the project-
ing ends of the raw hide in which I
was enveloped. It was hard work for
me to keep from kicking incessantly,
but whenever I rested for a minute
the chewing developed into vigorous
tugs, the significance of which it was
easy for one in my position to appre-
ciate.

However, I kicked the night through
in safety, and early in the morning,
to my delight, I found my horse a short
distance away, nibbling contentedly at
his breakfast.—Atlantic Monthly.

Most Popular Character.

Charles Dickens once received an
invitation to a "Walter Scott" party,
each guest being expected to attend
in the character of one or another of
Scott's heroes. On the eventful night,
however, greatly to the astonishment
of the assembled Rob Roys and Wa-
verleys, Dickens turned up in ordinary
evening dress and apparently quite
unconcerned. At length the host, who
was feeling uneasy, came up to the
novelist and inquired:

"Pray, Mr. Dickens, what character
of Scott's can you possibly be sup-
posed to represent?"

"Character!" said Dickens. "Why,
sir, a character you will find in every
one of Scott's novels. I," he went on,
smilingly, "am the 'gentle reader.'"

Terrible Ordeal.

"It was perfectly frightful," said
Chubbleigh. "There we ran at top
speed around the corner, and the first
thing I knew we dashed plumb into
that grocer's wagon. I guess it must
have held a hundred dozen eggs."
"Oh, well, that wasn't so bad, was
it?" said Hicks. "You could afford
to pay for 'em, couldn't you?"
"Oh, it wasn't that," said Chubbleigh,
with a shudder. "But I don't believe
there was a good egg in the whole lot."
—Harper's Weekly.

Already Accomplished.

A reader asked the sage for advice,
saying:
"I am engaged to Kate Murphy, but
my former fiancee, Kate Dooley,
threatens to sue me for breach of
promise. Can you advise me how to
extricate myself from this diffi-
culty?"
The reply of the sage was short. It
ran:
"My dear reader, if I may say so,
you seem to have extra-kated your-
self already!"

Smut in Oats and Remedy.

More than 5 per cent of the oat crop
of this county is destroyed annually
by smut. That is to say on an 80 acre
field producing 50 bushels of oats per
acre there is a loss on the average
of over 200 bushels of oats. Often this
loss is 400 to 600 bushels of oats. Over
400,000 bushels of oats could be added
to the total oat yield of this county
annually by simply destroying the
smut disease.

WHAT SMUT IS.

Smut is a tiny fungus plant which
develops from the grains of black dust
seen on smutted oat heads. These
grains of black dust are smut spores
or seeds. Driven by the wind or scat-
tered by the thresher and other means,
these tiny spores fall upon the oat
berry and many of them cling under
the hull of the oat until the seed is
sown. This spore or smut seed then
sprouts with the oat. It at once finds
its way into the young oat plant, where
it grows and sends hair like threads
up through the stem. When the oat
berry is about to mature the smut
plant takes full possession and black
smut spores or seeds are produced in
the hull of the oat berry. This gives
the appearance commonly known as
smut.

REMEDY.

By treating oats with formaldehyde
smut can be completely destroyed.

1. Mix thoroughly one pint of 40
per cent formaldehyde (cost 35c)
with 35 gallons of water. This will
make solution sufficient to treat 40
bushels of oats.

2. Sprinkle the oats with this mix-
ture until they are saturated. It will
be necessary in this operation to have
one man shovel the oats into a pile
while another applies the solution.

3. Cover the pile carefully at once
with old carpets, blankets, or sacks,
so as to keep the gas in where it will
be destructive to the smut seed.

4. Leave the pile for 6 to 10 hours
(over night), then remove the blank-
ets and shovel out thin (3 to 4 in.)
to dry. Shovel them over from time
to time until dry.

Makes Home Baking Easy

ROYAL
BAKING
POWDER
Absolutely Pure
The only baking powder
made from Royal Graps
Cream of Tartar
NO ALUM, NO LIME PHOSPHATE

5. Treat oats only three or four
days before seeding time. These oats
may be sown as soon as they are dry
enough to run through the drill.

Oats treated with formaldehyde
may be fed, if it is desired, in a few
days after treatment.

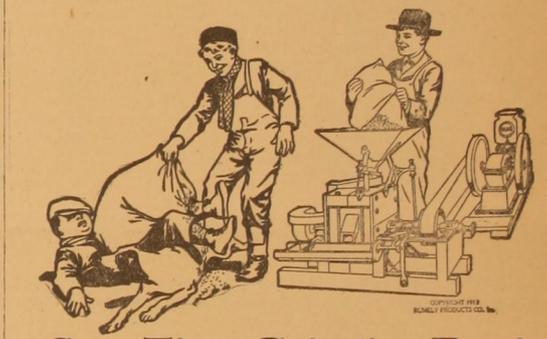

Do not put treated oats into bins,
boxes or sacks which have held smut
infected seed, since the treated seed
may in this way become infected
again. Infected bins or boxes may be
freed from smut spores by drenching
with formaldehyde solution.

Tax Collector's Notices.

The tax books for Dwight Township
will close on Tuesday, March 25th.
All personal taxes must be paid on or
before that date at my office in the
First National Bank.

Save Time Grinding Feed

YOU'RE losing a lot of time and energy
and money if you're grinding your feed
or doing any of that sort of work by hand.
An Olds Engine will do it for you; do it quicker and do
it better and do it cheaper than you can any other way.

Some day when you're down this way come in and let us tell
you about these Olds Engines—let us show them to you; we just
want you to know all about them so when you get an engine
you'll get a good one.

If you can't find the time to come and see us, we'll find time to come
and see you, if you say so. Drop us a post-card or telephone us telling us
what size engine you think you'll need, and get
a free, complete catalog of Olds Engines.

**We're here to serve you;
make this your store.**
