PLACE THAT INSURANCE

today, and let us select the company for you and then you will have it off your mind. We are headquarters in Dwight for insurance whether

FIRE, LIFE OR ACCIDENT, and we represent none but the very best companies. Don't be held back another day, but make this the duty of today.

Fire, tornado and pestilence cause loss of property and life. Fires and tornadoes are frequent. Insure your property and life, the cost is small, the compensation sure.

April, May and June are the tornado months.

ORR & BOYER REAL ESTATE, LAW AND INSURANCE

Three million people—in the United States alone—are seriously ill all the time.

The very best investment any cow owner can make

That's what more than a million and a half of cow owners the world over have found the World's Standard De Laval Cream Separator to be.

A De Laval Separator costs from \$35 to \$160—according to capacity. It saves butter-fat and produces cream of a quality decidedly superior to any setting system or any other separator every time it is used—twice a day—730 times a year.

DE LAVAL Cream Separators

involve far less labor than any setting system, and run easier, have greater capacity and last from two to ten times longer than other separators.

That's how a De Laval Separator saves at least its cost the first year, and frequently in a few months, and then goes right along saving money for you year after year.

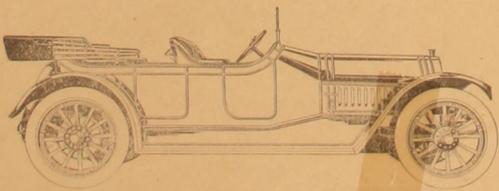

We have an arrangement whereby you can make a partial payment at time of purchase, and pay the balance on such liberal terms that your machine will more than save its own cost while you are paying for it.
