A PRETTY WEDDING.

Popular Young Couple of Saunemin Married Wednesday.

Wednesday morning at the home of the bride's parents, Mr. and Mrs. George Patten, northwest of Saunemin, in the presence of eighty guests, occurred the marriage of their daughter Frances to Peter N. Diemer.

Promptly at 10 o'clock, to the strains of Blake's "Mache Aux Flambeaux," played by Miss Katherine Harney, of Bloomington, the contracting parties took their proper places and were united in marriage by Rev. B. F. Eckley, pastor of the Methodist Episcopal Church, of Saunemin. After congratulations a sumptuous dinner was served in the dining room.

The bride was beautifully gowned in broadened satin and carried a shower bouquet of pink roses. The couple was attended by Magdaleen Diemer as bridesmaid, and Charles Patten as groomsmen.

Mrs. Diemer is the only daughter of Mr. and Mrs. Patten. She is an attractive young lady of many accomplishments. She has followed her vocation as teacher of piano for several years.

Mr. Diemer is the second son of Mr. and Mrs. J. C. Diemer and has for many years been a successful farmer near Saunemin.

After several weeks touring in the east they will go to housekeeping on the Diemer homestead recently purchased by the groom. Their many friends extend to them their best wishes for a long and happy wedded life. This was attested by many beautiful and costly gifts.

Many sufferers from rheumatism have been surprised and delighted with the prompt relief afforded by applying Chamberlain's Liniment. Not one case of rheumatism in ten requires any internal treatment whatever. This liniment is for sale by all dealers.—Adv.

Three cows and a CREAM DE LAVAL SEPARATOR

will make more money than four cows with gravity setting

Thousands upon thousands of cow owners have already proved this statement; any experienced dairyman will verify it for you.

With such a big saving it is hard to understand why any cow owner should try to get along without a De Laval Cream Separator.

If you are selling cream or making butter, and have no separator, or else an inferior machine, we know if we could put a De Laval on your place we would be doing you a personal favor.

If you haven't a separator don't make the mistake of starting with a "cheap" or inferior machine. When you do buy a separator—be sure to get the best—the De Laval. Remember, you can't make money by trying to save money in the purchase price of a cream separator. A De Laval costs only a little more than the cheapest and will save you twice as much and last five to ten times as long as other separators.

Comparative Digestibility of Food

Made with different Baking Powders

From a Series of Elaborate Chemical Tests:

An equal quantity of bread (biscuit) was made with each of three different kinds of baking powder—cream of tartar, phosphate, and alum—and submitted separately to the action of the digestive fluid, each for the same length of time.

The relative percentage of the food digested is shown as follows:

Bread made with Royal Cream of Tartar Powder:

100 Per Cent. Digested

Bread made with phosphate powder:

68 1/4 Per Cent. Digested

Bread made with alum powder:

67 3/4 Per Cent. Digested

These tests, which are absolutely reliable and unprejudiced, make plain a fact of great importance to everyone: Food raised with Royal, a cream of tartar Baking Powder, is shown to be entirely digestible, while the alum and phosphate powders are found to largely retard the digestion of the food made from them.

Undigested food is not only wasted food, but it is the source of very many bodily ailments.

ROAD ITEMS

We have read and heard much about the splendid condition in which dirt roads were kept by the use of the road drag.

Have you noticed the condition for the last month of the main roads out of Dwight? Have you seen a time in the last month when they could have been helped much by the road drag? There are times of the year when the use of the road drag is beneficial on our roads.

Late in the spring after the frost is out and the road packed, and during the summer and fall months after showers when the road is not cut deep by hoof and wheel, we can get much benefit from road dragging.

In the spring when the frost is coming out, the road surface not packed, and there are frequent rains, the road drag does but little good. On sandy soils, that do not rut deep, and does not stick, and does not dry in hard chunks, the use of the road drag gets good results.

We can not have good roads during the thawing and rainy weather months of February, March and April unless we have a hard, slightly rounding road surface, that will shed water, that will not be affected by frost and that will not be punctured by hoofs and wheels.

Eight inches of concrete, ten feet wide will fill the bill. The initial cost heavy, the result beneficial and last-

ing forever. When paid by general taxation the cost is distributed over the whole community according to the taxable property.

President Wilson has advised a reduction in the tariff on wool. It is probable that wool will be placed on the free list. Do not think that free wool will lessen the cost of the suit of clothes 20 or 30 per cent. Raw wool is worth about 23 or 25 cents, tariff is less than that. A suit of clothes contains about 5 to 8 pounds of wool, the tariff on the wool in a suit does not add much to the cost of a suit. If you could raise the wool free of cost it would lessen the cost of a suit only about \$1.25 to \$2.00. It is the work, style, transportation, mercantile risk, and middleman's profits from the raw material that makes the cost of that suit.

A pair of shoes cost \$3.50 to \$4.50, the amount of raw material, or cow hide, in a pair of shoes is worth about 50 cents, free hides might make your shoes 10 cents a pair cheaper.

Special April Offer.

During the spring house cleaning season, C. M. Baker & Son are offering the Eureka Electric Cleaner at a special price. See them today about a demonstration.—Adv.

The Easy Laxative

In justice to yourself you should try Rexall Orderlies,—your money back if you don't like them. They are a candy confection that really do give easy relief from constipation.

Good health is largely dependent upon the bowels. When they become sluggish the waste material that is thrown off by the system accumulates. This condition generates poisons which circulate throughout the body, tending to create coated tongue, bad breath, headache, dull brain action, nervousness, biliousness and other annoyances.

Avoid harsh cathartics and physics. They give but temporary relief. They often aggravate the real trouble. They are particularly bad for children, delicate or aged persons.

Rexall Orderlies

Come in tablet form, taste just like candy and are noted for their easy, soothing action upon the bowels.

They don't purge, gripe, cause nausea, looseness, nor the inconveniences attendant upon the use of purgatives. Their action is so pleasant that the taking of Rexall Orderlies almost becomes a desire instead of a duty.

Children like Rexall Orderlies. They are ideal for aged or delicate persons as well as for the most robust. They act toward relieving constipation, and also to overcome its cause and to make unnecessary the frequent use of laxatives. They serve to tone and strengthen the nerves and muscles of the bowels and associate organs or glands.

Make Us Prove It

We guarantee to refund every penny paid for Rexall Orderlies if they do not give entire satisfaction. We ask no promises and we in no way obligate you. Your mere word is sufficient for us to promptly and cheerfully refund the money.

Doesn't that prove that Rexall Orderlies must be right? You must know we would not dare make such a promise unless we were positively certain that Rexall Orderlies will do all we claim for them. There is no money risk attached to a trial of Rexall Orderlies, and in justice to yourself, you should not hesitate to test them.

Rexall Orderlies come in convenient vest-pocket size tin boxes: 12 tablets, 10c; 36 tablets, 25c; 80 tablets, 50c.

CAUTION: Please bear in mind that Rexall Remedies are not sold by all drug-gists. You can buy Rexall Orderlies only at The Rexall Stores. You can buy Rexall Orderlies in this community only at our store:
