## GIVE YOURSELF THIS PRESENT

If someone offered to give you a new Bluebell separator you would jump at the chance. Make yourself a present of one. It will not really cost you anything, for this separator pays for itself by saving you time and work, and by actually increasing your dairy profits. Come in and see one of these machines set up. It is so simple you cannot help understanding it; so perfect you cannot help liking it. The skimming device on the Bluebell loses no butter fat in separation. The spiral cut gears, made of semi-steel, the phosphor bronze bushings at every wearing part, the trouble-proof, self-adjustable bowl spindle neck bearing, all insure long-lived, efficient machines. Come in and make a personal examination.

We have I H C Bluebell Cream Separators in these sizes:

- No. 1. 350 lbs. capacity per hour
- No. 2. 450 lbs. capacity per hour
- No. 3. 650 lbs. capacity per hour
- No. 4. 850 lbs. capacity per hour

The storm which prevailed in this city for many hours Tuesday evening was one of the most severe electrical storms that has occurred in this vicinity for a long time. The rain poured in torrents and the thunder and lightning crashed almost incessantly causing much damage to electric light and telephone wires as well as a number of buildings near here which were struck, and destroyed by fire.

## DON'T FEED CREAM TO THE CALVES

If you are skimming your milk by any setting or dilution method or arc using an inferior or worn out cream separator you are surely feeding a lot of butter-fat to your calves and pigs that is worth from 25 to 30 cents a pound.

You may think this is too small a loss to amount to much, but when you figure that it happens twice a day, 365 days a year, you will find that a De Laval Separator would save its cost every six months over any kind of "gravity" skimming and every year over any inferior or worn out separator.

## Get a clean skimming DE LAVAL Cream Separator

as soon as you can and get all the money that is coming to you from the product of your cows.

We can make you a liberal allowance for your present separator, if you have one, and, if more convenient for you, can also arrange for a partial payment at time of purchase and balance on easy payments.

If you want to see for yourself just how much more cream you can get with a De Laval let us set up a machine for you and have you try it out for yourself. Just phone or drop us a postal and we will be glad to bring a machine out to your place.

## LARSEN & SON, Dwight

### Quality Lumber

That is the kind we have and plenty of it. If you are going to build see us---we can help you.

## BOSTON & MCGLELLAND
