WARNS OF FOURTH DANGER.

Precautions to Be Borne in Mind in Case of Injury.

The Chicago health department has issued a bulletin on the dangers of the Fourth of July which contains some items of interest to people in this city and elsewhere. It says in part:

Every wound resulting from explosives, no matter how slight, should be immediately treated by a physician. Any such wound must be laid open and all foreign material and badly injured tissue removed. After thorough cleansing of the wound, swab it out with a strong solution of carbolic acid, immediately following with a wash of 95 per cent alcohol to prevent harmful effects of the acid. Then wash the wound with a 1-1,000 or 1-2,000 solution of bichloride of mercury and pack with gauze soaked in a saturated solution of salicylic or boric acid, applying large wet dressing of same solution. Renew the dressing each day. The wound must not be permitted to close; healing must be done by granulation. Now comes a very important part of the treatment. As soon as the wound is dressed give the patient an injection of 1,500 units of tetanus anti-toxin. There should be no delay in giving this anti-toxin; after symptoms of tetanus appear it is too late.

Postoffice News.

The Dwight office is being thoroughly renovated and is wonderfully improved in appearance. The new lock boxes will soon be in place, also new blank cases, wardrobes, shelves for the lobby, a grating extending from the top of the fixtures to the ceiling, etc. A new lease has been approved by the Department for ten years and the improvements made accordingly.

By reports from the city carriers Dwight shows an increase in population of nearly three hundred since the last census—having inside the corporate limits nearly 2400 people. Including those outside the corporation the office serves about 2600. Going some.

Since July 1 all ordinary postage stamps, including commemorative issues are valid on all fourth class mail matter, and parcel post stamps are good for any postage. The postage due stamps of either kind can be used. There will not be any more parcel post stamps issued after the present supply is gone.

The following order has been received at all offices: A mailable parcel on which the postage is fully prepaid may be insured against loss in an amount equivalent to its actual value, but not to exceed \$25 on payment of a fee of five cents, and in an amount equivalent to its actual value in excess of \$25 but not to exceed \$50, on payment of a fee of ten cents in stamps, such stamps to be affixed. The amount of the insurance fee shall be placed on the receipt given the sender and on the coupon retained at the mailing office.

New Laws.

The recent legislature passed a bill making it a misdemeanor to sell or give away any kind of a toy pistol which could be used to shoot blank cartridges. This law is effective July 1 and particular attention should be paid to it. The fine is not less than \$5 or more than \$25.

Another new law passed is "That all receptacles for gasoline used in the retail trade shall be red, and shall be labeled 'gasoline' in letters of a contrasting color and of a height of not less than one-half inch; and it shall be unlawful, in such retail trade or anything pertaining thereto, to put gasoline into any receptacle of any other color than red or not labeled as above required." The fine is not less than \$10 for violating the act. The attention of the retail dealers is called to the fact that they are liable to this fine if they sell to anyone who has not a receptacle painted as above. Effective July 1.

Heavy Sale of Fans.

Merchants and electricians report that there has been a heavy sale of fans—both electric and palm leaf—during the past few days. The hot weather is also boosting business for the hotels and restaurants. The women folk are not particularly fond of the gas range or the hot oven these days, and even those who cannot afford to keep a cook do not like to go to the exertion of preparing a meal. The result is that the hotels and restaurants are experiencing increased business. The confectioners report a heavy business during the afternoon and evening hours.

BASE BALL.

Frank L. Smiths Win from Cabery Defenders at Cabery.

Sunday, June 29, the F. L. Smiths journeyed to Cabery and defeated the fast team at that place by a score of 7 to 6. The Smiths scored their first run in the second inning on a two base hit by Gutel, a fielder's choice, and Mickelson's infield out. The Defenders scored five runs in the third. C. Adams was hit by pitched ball. Clayton struck out. Schiller walked. J. Naas hit to Gutel and Gutel's throw to first was wide, Adams and Schiller scoring. Breneisa walked. W. Naas out at first, J. Naas scoring. J. Miller hit by pitched ball. N. Adams walked. Mickelson now pitching for Dwight. Brown hit for two bases, J. Miller and Breneisa scoring. C. Adams out at first, Nielson to Boyer.

The Smiths got busy in the fourth and scored two runs on singles by Gutel and Nielson and Hamilton's two bagger. In the fifth Boyer led off with a two base hit. Lannon hit for two bases, scoring Boyer. Flood singled, scoring Lannon. Gutel singled, Flood going to third. Flood scored when Schiller threw the ball over Brown's head, Gutel going to third and scoring on Nielson's hit to Naas.

In the sixth Shiller's drive got away from Burns, going for two bases. Naas hit one over Lannon's head for three bases, scoring Schiller. Mickelson ended the inning by fanning Breneisa and W. Naas. Neither side scored during the balance of the game.

Following is the score:

FRANK L. SMITHS.		R. H. P. O. A. E.			
Lannon, cf	1	2	0	0	0
Keen, 2b	0	0	0	2	0
F. Flood, c	1	1	9	1	0
Gutel, 3b	2	3	0	1	1
Nielson, ss	1	1	1	5	0
Burns, rf	1	0	0	0	1
Hamilton, 1b-lf	0	1	5	0	0
Mickelson, 1b-p	0	1	0	4	0
J. Flood, p	0	0	4	0	0
Boyer, 1b	1	1	2	0	0
		7	10	27	17

CABERY DEFENDERS.

R. H. P. O. A. E.	
J. Naas, ss	1 2 2 1
Breneisa, lf	0 3 0 0
W. Naas, 3b	0 0 2 0
F. Miller, 1b	0 10 0 0
N. Adams, cf	1 0 1 0
Brown, c	0 1 6 0
C. Adams, p	1 0 1 3
Clayton, rf	0 0 1 0
Schiller, 2b	1 0 1 4
6 2 27 11 2	

Two base hits—Lannon, Gutel, Hamilton and Boyer. Three base hit—J. Naas. First base on balls—Off Flood, 3. Hits—Off Flood, none in two and two-thirds innings; off Mickelson, 2 in six and one-third innings; off Adams, 10. Struck out—By Mickelson, 6; by Flood, 2; by Adams, 5.

Sunday, July 6, the Streator Reds vs. F. L. Smiths.

At present the 3-I league is going along nicely. Springfield has been in the lead for a number of years, but now is fifth in the race and tied with Bloomington. Davenport at this writing is in the lead with Danville next, Dubuque a good third. The highest per cent is 541 and the lowest, Peoria, is 455. It's a nice race and it's anybody's race.

In a fast game of ball Sunday the Pontiac Indians defeated the Cullom Majors at Cullom. The game was one of the hardest fought contests ever played. Ribordy pitched for Pontiac. Craddock caught. Both did great work. Craddock got four men stealing. The score was 5 to 3 in favor of Pontiac. Naper, of Pontiac, got a three base hit. Spaniol and Jordan both hit hard with men on bases. Rightem brothers, Bridge, Craddock, Smith, got the scores for Pontiac. Struck out—By Ribordy, 8; by Flessner, 7. Two base hits—Spaniol, Jordan.

Automobile Tire Prices Going Up.

Automobile owners may be skidding around the city on the rims before long, according to several of the auto supply men. The reason for their statement lies in the fact that the factories are unable to supply the demand for tires and the entire country may be in the throes of a tire famine before long. Dealers say that the demand for them so far exceeds the output that few of the factories are able to supply their customers.

New Alton Shops Started.

Ground was broken Tuesday morning for the erection of the new Chicago & Alton shops at Bloomington, which is said to be the biggest improvement made in Bloomington since the rebuilding of the burned uptown district thirteen years ago. It is planned to have the biggest part of the work completed by the time winter sets in.

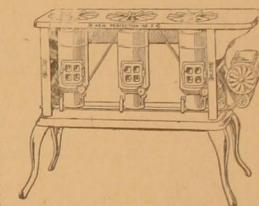

of surpassing richness of effect and elegance of cutting, in new and unique patterns, such as cannot be had except here, present an opportunity to those who would enrich their table service or select wedding gifts that are as ornamental as they are useful and original. Our prices are very low, in spite of the high quality of these goods.

The New Perfection Blue Flame Oil Stove

is a money saving stove. It costs only half as much to operate the New Perfection with kerosene as it does a gasoline stove with gasoline and one-third less than it does a gas stove with manufactured gas.

Why then continue to use gasoline or gas at a cost of one-half or one-third more than oil. Not only does the New Perfection do anything that any other stove—either coal, gas or gasoline—will do, but it does it quicker, better, at less cost for fuel and is big enough and powerful enough to do all you would ever ask a cooking stove to do, and best of all, it does its work without over-heating the kitchen.

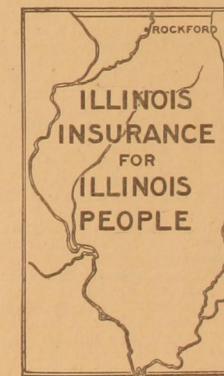

Come in and look at one of these stoves, as it has more good qualities than we have space to enumerate.
