SAVING vs. SPENDING

It is the easiest thing in the world to spend money carelessly. It takes strength and determination to resist doing so, but successfully resisting the temptation brings two rewards: a stiffening of your mental and moral backbone and an increase in your resources.

While saving may never put you in the class with the predatory rich, it is a certainty that you will never be poor if you save consistently and

DEATH OF ALEXANDER MCKAY.

Body of Former Dwight Resident
Brought Here last Friday
for Burial.

SERIOUS ACCIDENT.

Mr. J. G. Hornberger Severely Hurt by
Falling Out of Buggy Last
Saturday.

Alexander McKay, a former resident of this city and county, died suddenly at a hospital in Chicago last Wednesday, following an operation. The body was brought here last Friday and interment took place in Oak Lawn cemetery.

Mr. McKay had been making his home in Chicago for some time with his son, Harry. He had been ailing for some time from a trouble from which relief was sought in the operation.

Mr. McKay was born in Montreal, Que., January 3, 1842. He spent his early life in that city until fifteen years of age, and then for two years assisted his father in farming. He then served a four year apprenticeship as a harnessmaker and in 1864 migrated to Chicago, where he followed his trade for a year, and afterward continued it in this city until 1884. He was then elected Justice of the peace and engaged in the real estate and loan business here. In 1886 he was elected county treasurer of Livingston county, which position he held for four years, and then re-engaged in the real estate and loan business in Pontiac, being later elected to the office of justice of the peace and later served for a number of terms as supervisor, and at one time was mayor of that city, being elected in 1891. He also served three terms and was a member of the district board of education there for many years.

He was united in marriage November 23, 1865, to Miss Louisa Lytle, of this city, to whom union two sons were born, James L. of Pontiac, and Harry A. of Chicago. Mrs. McKay preceded him in death several years ago.

Will You Make a Child Happy?

The United Charities of Chicago would like to give 10,000 children an outing this summer. Last year 2232 children were sent to the country. There are in Chicago many thousands of poor children who never will see the country. The trouble is not in a dearth of children; it is a dearth of country homes. If the children are sent to the country for two weeks they are rebuilt, while the mothers at home are relieved of their care, and get a better opportunity to recover their health and strength after a winter of striving for subsistence.

The children of Chicago who swelter in the stifling heat where tenement touches tenement on sides and rear with two and three buildings three to six stories high on a city lot 30x120 ft. seek for the green grass and breezes from full leaved trees of Dwight and the country surrounding it.

The surprise of city children at the wonders of the country is hardly humorous. It is pathetic, sometimes almost tragic. One pale-faced little tenement dweller of 6 years started the attendant of a party of children on the train by calling a cow that he saw gazing along the tracks, a goose. Another little fellow wandered about the farm in wide-eyed wonder. Spying the windmill he leaned back, looking up at it, and remarked to his host, "Say, mister, that is a dandy electric fan you got rigged up for your pigs."

During the hot months of July and August of 1912, thirty-one little children under 5 years died each day in Chicago. Will the people of Dwight help by taking one or more of these children from 4 to 14 years old for two weeks, either the second or third week in August? For further information call up 226-W, Rev. F. F. Farington.

Special Excursion.

Come, join our special excursion party Tuesday, Aug. 5th, 1913, bound for the Famous and Reliable Judith Basin, Mont., and see the big crops of wheat, oats and alfalfa on the various farms we own and have for sale. Sociable and intelligent neighbors, pure spring water, delightful climate. You will become enthusiastic when you see this great grain country. Ask anyone who has seen it. Come in and let us talk it over with you, then arrange to go out with us on above date. Weary & Snyder, local agents, Dwight, Ill.—Adv.

A very serious accident occurred last Saturday evening to Mr. J. G. Hornberger, one of Dwight's most respected citizens, while on his return from his farm seven miles north of town. He was driving a team of horses attached to a buggy, and while passing over a culvert about a mile north of Dwight he drove too near the edge, the wheel of the buggy going down in the ditch, throwing Mr. Hornberger out. The buggy, however, did not tip over, and the horses went on and circling around went back to the farm and were found there in the morning by the people living there.

The force of the fall rendered Mr. Hornberger unconscious, and he lay there for some time; finally regaining consciousness he called for help and was heard by Mr. Henry Wood. Mr. Hornberger was in such pain that it was impossible to get him to any house, so Mr. Wood telephoned to Dr. Reynolds to come in an automobile for him. This was done and Mr. Hornberger was taken to his home here in Dwight as quickly as possible. He has been in a very serious condition ever since, being partially paralyzed and suffering other injuries.

Everything possible is being done for his benefit and his many friends hope for his ultimate recovery.

HAHN-INGRAMAH.

Popular Young Couple of this City
Married in Longwood.

Thursday afternoon at four o'clock at the home of the bride's uncle, John Goodspeed, of Longwood, Ill., occurred the marriage of Mr. Luther Hahn to Miss Olive Ingraham, both of this city, Rev. G. H. McClung, pastor of the First Methodist Episcopal Church here in Dwight as quickly as possible.

The wedding was a very quiet affair, only a few of the immediate relatives being present.

A wedding dinner was served immediately after the ceremony after which the young couple departed for Chicago, where they will spend their honeymoon.

Mr. Hahn is the son of Mr. and Mrs. John Hahn of this city and is a popular and prominent business man of this city, being junior member of the firm of Losoe & Hahn, who have conducted a poultry establishment here for the past four years.

Mrs. Hahn is a popular and charming young woman and has resided in this city nearly all her life.

The young couple will reside in a cottage on East Delaware street which was recently furnished by the groom.

MORE LAND FOR STATE PARK.

Party of State Officials Go Over Tract
Intended to Be Added to
Starved Rock.

The unpurchased property in the Starved Rock Park reserve and the proposed new highway were inspected by the Illinois park commission and Jens Jensen, of the state art commission, and a number of Ottawa citizens who desired to make the tramp, one day this week.

The walk covered a distance of six miles. The party left the hotel at 9 o'clock in the morning and returned at 2 in the afternoon. Some of the hikers were ready for the hospital on their return from the jaunt.

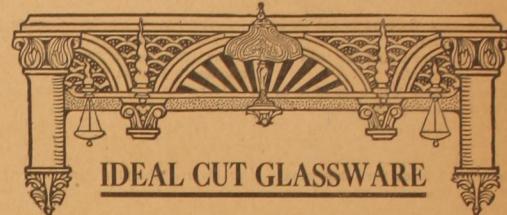

The money appropriated for the purchase of additional land will not cover all of the reservation. It is doubtful whether another appropriation will be made for the additional lands and the commission is exercising its best judgment in picking out the most desired pieces.

There will be no fancy prices paid. Some pieces are more desirable than others and the commission is in hopes of procuring enough of the reservation to make a complete and compact park.

The original survey for the new road will be changed in a few particulars. Some of the tracts will be cut down, while others will be eliminated from consideration entirely.

Paving Tax Notice.

Owing to inability to get to Dwight this week to make settlement on the pavement contracts, Mr. T. W. Keys, the contractor, has notified me to extend the time of discount allowed those paying assessment in full until Thursday, August 7th, on which day he will be in Dwight. Those desiring discount may pay their assessments to me before that date and secure the same. C. H. Thompson, Collector.—Adv.

IDEAL CUT GLASSWARE

of surpassing richness of effect and elegance of cutting, in new and unique patterns, such as cannot be had except here, present an opportunity to those who would enrich their table service or select wedding gifts that are as ornamental as they are useful and original. Our prices are very low, in spite of the high quality of these goods.

Jeweler and Silversmith

The New Perfection Blue Flame Oil Stove

is a money saving stove. It costs only half as much to operate the New Perfection with kerosene as it does a gasoline stove with gasoline and one-third less than it does a gas stove with manufactured gas.

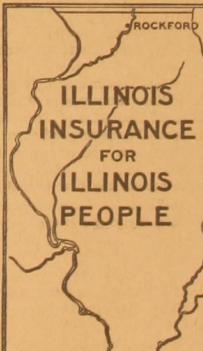

Why then continue to use gasoline or gas at a cost of one-half or one-third more than oil. Not only does the New Perfection do anything that any other stove—either coal, gas or gasoline—will do, but it does it quicker, better, at less cost for over-heating the kitchen.

Come in and look at one of these stoves, as it has more good qualities than we have space to enumerate.
