Obituary of Edw. Meyers.
Mr. Edw. Meyers, residing for a number of years in Dwight, Ill., was called to his reward Friday evening, September 19, at about 6:30 o'clock at the home of his brother-in-law and sister, Mr. and Mrs. Ernest Tomhale. The deceased was born in New Bremen, Ohio, November 18, 1875, and lived here until about 22 years old. Having acquired the barber's trade, he went from here to Cincinnati where he remained for several years. He then moved to Joliet, Ill., where he met his future bride in the person of Miss Anna Beatrice Ficke. During recent years he was employed as barber in the Livingston Hotel, at Dwight, Ill.
Several weeks ago the deceased knowing full well that his disease was of such a nature and had been of such long standing that hope of recovery was entirely dispensed with, he came here to spend his last days. For the past five years he had been a sufferer of the dread disease tuberculosis. Besides his wife who came here with him he leaves to mourn his death, three brothers, four sisters and a large number of other near of kin and friends. He attained an age of 37 years, 10 months and 1 day. He was an active member of the Masonic Lodge, having held the office of past master in his home town. The lodge was well represented by local members as well as no small number from neighboring towns who accompanied his earthly remains to their last resting place. Funeral services took place Monday afternoon at 1:30 from the residence, Rev. Hils, of Wapakoneta, officiating. Interment was had in the Willow Grove cemetery.—New Bremen (Ohio) Sun.
Mr. Meyers was well known to everyone in Dwight, as he had made his home here for many years, and his many friends regret to learn of his demise.
When you think of a modern kitchen you think of a Hoosier Cabinet. Everybody does. Why not modernize your kitchen today? C. M. Baker & Son.—Adv.

Non-Residents Must Pay.
New Game Law Raises License Fee From \$1 to \$25.50 for Outsiders.
Springfield, Ill.—In order to keep the large number of non-resident foreigners in this state from having the same privilege to hunt as American citizens, the last legislature enacted a law that raises the price of the license from \$1 to \$25.50.
Under the old game law any one in Illinois could get a hunting license for \$1, whether or not he was a resident of the state. This gave the Italians, Greeks and Mexicans employed in large numbers in Illinois for work on railroads the same right to hunt as it did the residents of this state. Sportsmen say it was these men that abused the hunting and had no respect for the law, but would kill all the game they could.
At the recent session of the legislature the new law was introduced and the legislators saw the wisdom of it and it was passed. Any applicant for a hunting license that is not a resident of this state nor a citizen of the United States shall pay \$25 for the license and a fee of 50 cents for having it issued. To all residents of the state the license will be issued for 75 cents and a fee of 25 cents for having it issued.

Cabery Defenders Close Season by Winning One-Sided Game from the Frank L. Smiths.
Saturday, Sept. 26, the Frank L. Smiths journeyed to Cabery for the last game of the season with the Cabery Defenders and were forced to take the short end of the 13 to 4 score.
J. Flood had evidently had too much work for a cold week and lacked his usual terrific speed and was also a little wild, so the Cabery boys had no trouble running up a bog score. Donahue relieved Flood in the seventh and was also wild and ineffective allowing three runs to score on wild pitches.
The Smiths have no excuses to offer for they have a nice string of victories to their credit for the season and know that they can win the majority of a series of games from any team in this section of the state.
J. Flood pitched nine full innings Sunday, cold as the day was; five innings Tuesday and five innings Friday and it was evidently too much for him.
It is to be regretted that the Smiths and Cabery cannot meet again this season but the Cabery boys are devoting their time to football and they have one of the best foot ball teams in central Illinois.
Following is the score by innings:
1 2 3 4 5 6 7 8 9—R.H.E.
Cabery 0 1 2 0 1 2 7 0 *—13 14 0
F. L. Smiths. 0 0 2 0 0 1 0 0 1— 4 12 0
Two base hits—Wolf, Kern, D. Miller. Three base hits—Higgins, Boyer. Base on balls—Off Flood, 4; off Donahue, 2; off Dronan, 1. Hit by pitcher—Shannon, D. Miller, Knight. Struck out—By Donahue, 2; by Dronan, 8. Wild pitches—Donahue, 3. Double plays—Faderni to Hardy to Gutel; Faderni to Gutel to Higgins.
The attendance far exceeded the expectations of the management. There were over 800 paid admissions, so from a financial standpoint the game was a decided success. The F. L. Smiths have won five out of the eight games played with Cabery this season and the attendance at the Cabery-Dwight games has been good. Cabery has played to two good crowds in Dwight—July 4th and August 15th; also two good Sunday crowds. The season 1914 will see these same old rivals fighting it out on the diamond.
Our fall line of ladies' shoes is now complete, including velvets, suedes, tans, patent leathers and gun metals, in button, blucher and English models. Frank Reeb & Sons.—Adv.
Don't Make Such a Mistake.
There are people living who have invested as much as fifty dollars in an electric power washer, who might have owned a much more desirable machine for but a few dollars more. A good washer will last a long term of years. Investigate the "1900"; it runs easier, much quieter, uses less current and washes cleaner with no wear on your clothing. The clothes in a "1900" remain still in a smooth-sided tub, while the water and suds are pumped through them. We have the good features of others and many exclusive features peculiar to the "1900." You can pay for a "1900" in what it saves you. C. M. Baker & Son would like to show you the "1900."—Adv.

Your Money Should Work
for you as hard as you work for it. The question is—how to make it work. The best way, in fact about the only safe way is to
INVEST IT JUDICIOUSLY IN LAND
in Illinois and Iowa. The land will produce crops which can be exchanged for gold and every year it will be increasing in value. Your money invested here will surely grow. You and NOT your banker will reap the harvest.
