DR. MARSHALL CASE FINISHED—K NIGHTS OF COLUMBUS ENTERTAINMENT—EARL BENTLEY WINS FAM EAT FOOTBALL—LARGE DEATH ROLL IN MODERN WOODMEN—OTHER NEWS.

Mr. and Mrs. Beaman, of near Cornell, celebrated their silver wedding Tuesday.

Head Banker Myers, of the Modern Woodmen of America, has received word from Rock Island notifying him that from October 15 to November 15, there were 503 deaths in the order, which will call for the distribution of wealth to the amount of \$876,000. The official force have been busy making out the drafts and the work is completed.

The Knights of Columbus hall was crowded to the outer doors last Friday evening, the occasion being the second semi-monthly entertainment given by the social committee. Cards and dancing were the amusement features of the evening and of course there were eats for all. Father Cannon hopes that these social affairs will be the means of other functions.

County Judge Homer Hall and County Clerk Guthrie of Bloomington, were in Pontiac Monday on legal business. Judge Hall is not only a receptive, but a prospective candidate for circuit judge in this district at the next election, which will be held in June, 1915. The judge is a stand-patter from Standpattersville and that he will have opposition and lots of it is unnecessary for us to state.—Pontiac Democrat.

While Comrades Avery and Parsons were returning from their visit to the high school a week ago Wednesday, where Comrade Avery intended making a speech, but failed to connect, he was paid a high compliment by Colonel Parsons. Turning to Comrade Avery the Colonel remarked that his speech on the occasion was far ahead of that of Lincoln's at Gettysburg. "In what way?" remarked Oscar. "In the way of brevity," remarked the Colonel, as they walked along in silence.—Democrat.

In speaking of Earl Bentley's work on the football team at Wesleyan university, the Bloomington Bulletin of Tuesday evening has the following: "Earl Bentley, the Pontiac boy who has appeared in several games as full-back and who is one of the best defensive men on the squad in the writer's estimation was given a thorough trial at quarter last night and the general opinion is that he will start the game Thursday." Earl is a son of Mr. and Mrs. W. H. Bentley, of Pontiac.

The case against Dr. Marshall before the Illinois Civil Service Board is finally finished and there was no testimony to amount to anything against the Doctor which would cut much figure before a court of law. It is the general feeling that the tender-

hearted members of the board were so affected by the tearful evidence of the toughest kids in the institution, it will probably give the Doctor the worst of it. The truth of the matter is that the trial became a farce in the end and no matter what the result, the best evidence from the men of standing, was all in favor of the Doctor. It was brought out so plainly that the so-called trial was instituted to get the Doctor out of the way and scare others into resigning. The hungry Democrat members might be excused because they probably were instructed to do the dirty work, but when the minority member would allow himself to be used simply to hold the office—well, what do you think of him?

Saved His Foot.

H. D. Ely, of Bantam, O., suffered from horrible ulcer on his foot for four years. Doctor advised amputation, but he refused and reluctantly tried Bucklen's Arnica Salve as a last resort. He then wrote: "I used your salve and my foot was soon completely cured." Best remedy for burns, cuts, bruises and eczema. Get a box to-day. Only 25c. Recommended by John A. O'Malley, druggist.—Adv.

UNDESERVING.

Three Germans were engaged in a confidential talk while dining in a Broadway cafe a few days ago. Their conversation drifted from politics to the second marriage of a mutual friend, when one of them remarked: "I'll tell you what. A man that marries de second time don't deserve to have lost his first wife."—Lippincott's.

Pessimism Sometimes Welcome.

A little discreet pessimism may have its use. Some people scatter sunshine so recklessly that a certain amount of cooling shade is necessary to comfort.

RAILROAD NEWS

John Hold, former Alton engineer, died Tuesday of this week.

Engineer E. Atkins, formerly running on the branch, resigned last week.

Mr. Chase, assistant passenger agent of the Alton, visited Dwight Wednesday. He expressed an opinion that the road would give better passenger service soon. That's good—the people want it and need it.

Brakeman G. W. Larmer, of the branch, was painfully injured at Streator Wednesday. He was riding on an outside ladder, and taking a signal and was hit by a post supporting a water tank and knocked to the ground.

Couldn't Go With Him.

A well-known lawyer in Boston had a horse that always stopped and refused to cross the mill dam bridge leading out of the city. No whipping, no urging, would induce him to cross without stopping. So he advertised him: "To be sold, for no other reason than that the owner wants to go out of town."

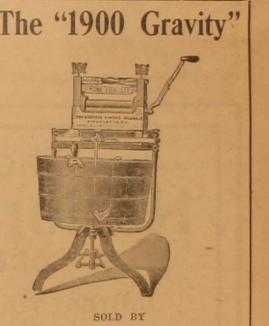

Woman of Experience.

He—"If I am detained down town late tonight, don't wait up for me." She—"I shan't; I shall come down for you!"—Judge.
