and refrain from walking. His general health is good and let us hope that in a few days he will be again among us. We always miss Mike Cleary in Pontiac.—Democrat.

At a meeting of the Anti-Tuberculosis Society here it was decided to put a trained nurse in the county. The president is P. A. Pyper; secretary, Mrs. S. J. Spaulding; treasurer, C. R. Tombaugh. The appointment of Judge Graves as superintendent of the reformatory at just this time, was not much of a surprise. The thing was hung up until the judge had less than a year to serve so that Governor Dunne could name his successor as county judge, upon the recommendation of himself, and of course his partner was named—Phil A. Gibbons. The appointment is a good one, and satisfactory to his many friends. Judge Graves has never had any experience in reformatory work but he's a pretty slick politician, and can be depended upon to bring about reforms (?) intended to continue the democratic party in power.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by using our special remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; also cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 7c.
